A SUGGESTION.

DEATH HATH NOTHING TERRIBLE IN IT, BUT WHAT LIFE HATH MADE SO.

ESTABLISHED 1833. THURSDAY EVENING, SEPT. 15, 1910. 12 PAGES—ONE CENT.

ALL LOOK ALIKE TO MR. TAFT NOW

Will Make No Distinction Between Progressives and Regulars.

SUPPORT TO ALL AS REPUBLICANS

Belligerent Party Leaders Will Get Full Share of Patronage.

Beverly, Sept. 15.—No difference between so-called "progressives" and "regulars" will be recognized by President Taft hereafter, but all party leaders will be treated alike as republicans in the matter of federal support. The president's views to this effect are given in a letter from Secretary Norton to a republican leader of Iowa, whose name is not disclosed.

In the letter Secretary Norton stated that while important republican legislation pending in congress was opposed by certain republican leaders, the president felt that his duty required him to withhold federal patronage from senators and representatives who seemed to occupy a position hostile to efforts to fulfill the pledges of the party platform.

The attitude of the president ended, with the more recent primary elections and nominating conventions in which the people have declared themselves, and the president now looks upon "progressives" and "regulars" alike as republicans and as such entitled to his support and the support of the party, and the fall elections Secretary Norton's letter says, must settle the question whether the differenops of the last session of congress shall be perpetuated or forgotten.

Secretary Norton's Letter.

The letter of Secretary Norton follows:

"Beverly, Mass., Sept. 15, 1910.—Your letters of the 9th are at hand, and I have delayed replying until after the primary elections. The president directs me to express to you and to your friends his deep appreciation of the work which you have done and the powerful assistance which you have extended to the administration from the beginning—an assistance that has contributed much to the legislative and other successes which have been secured. The president recognizes that your efforts have been wholly disinterested, that you have fought sturdily and generously for what you believed to be his interest and the welfare and success of the party.

"While republican legislation pending in congress was opposed by certain republicans the president felt it to be his duty to the party and to the country to withhold federal patronage from certain senators and congressmen who seemed to be in opposition to the administration's efforts to carry out the promises of the party platform. That attitude, however, ended with the preliminary elections and nominating conventions which have now been held, and in which the voters have had opportunity to declare themselves. The people have spoken as the party face the fall election, the question must be settled by republicans of every shade of opinion, whether the differences of the last session shall be perpetuated or shall be forgotten.

Wants Factions to Get Together.

"He recognizes the danger that in certain cases or expressions of feeling were so intense as to make it difficult in some instances for factions to come together and work for the party, but as he stated in his letter to the republican congressional committee, he believes it can be done and should be done. The president is confident

FITZGERALD OUT ON BAIL BOND OF $50,000

Judge Landis Declines to Reduce Surety of Chicago Man.

Chicago, Sept. 15.—Efforts to secure a reduction in the bail of George W. Fitzgerald, who was arrested here yesterday charged with stealing $173,000 from the sub-treasury three years ago, were made in the United States district court today before Judge Landis. Judge Landis fixed the bail last night at $50,000, which Fitzgerald was unable to furnish at the time, and in consequence spent the night in a cell.

The prisoner, who stoutly denies the charge against him, was brought from the county jail into court to listen to the arguments. Attorney Litzsinger, representing the defendant, declared that a bond of fifteen or twenty thousand dollars would be more fair. However, he declared, no matter what the sum, it will be provided. Judge Landis declined to reduce the bail. Bonds of $50,000 were furnished by Wm. Joyce and James Raiph.

Fitzgerald told reporters that while he did not take the money, he had a shrewd idea as to the guilty person.

"I am willing to give the name to Judge Landis or Chief Porter," he said. As to his investments he said:

"I borrowed money to start with and I've made all I have by legitimate business methods."

DEFENSE INJECTS A NEW THEORY IN HEARING

Engineer Says Bullet That Killed Croy Was Fired from Above.

[Special to The Sentinel.]

Auburn, Ind., Sept. 15.—An entirely new theory was introduced into the trial of Herman Miller here today when Philip Holman, city civil engineer testified that he had made some measurements that indicated that the ball that killed Columbus Kroy was fired from above where he stood and not from the spot indicated by Fred LaDuke in his testimony.

A day or two ago a board taken from the shed across the street from the Wearly butcher shop at Woodburn and in which one of the bullets found lodgment was introduced in evidence. There was strong objection to the introduction but the defense won in the legal tilt that it provoked.

Mr. Holman said in his evidence today that following the angle at which the bullet entered this board to the spot indicated by LaDuke as the one upon which John Stout, whom he accuses of the crime, stood the night of the murder, the shot must have been fired from a height of thirty-seven feet.

Jury Gets New Point.

The defense contends also that the angle at which the ball was fired into Croy's body indicates that it was fired from an upstairs window in the Wearly establishment. This is the sensation promised by Judge R. K. Erwin before he entered upon the trial and which he relied upon to prove that Fred LaDuke's story of the robbery and murder is pure fiction and that other hands than those of the men accused committed the burglary and that John Stout could not have fired the shot that killed the city marshal.

This view of the case is entirely new and while the defense has been leading up to it right along in the testimony it was not put in the hands of the jury fully until today.

Judge Best has in his possession a letter which the state is trying to keep out of the testimony. It is one mailed to John Ryan in Woodburn on the evening of the day that some cigars were found in a stove in Herman Miller's blacksmith shop. This letter was written by Postmaster Chapman and told of the find and mentioned that there were about thirty cigars. The exact number was thirty-three and some of them were found down under the grates of the stove. The defense holds that Mr. Chapman knew how many cigars were in the stove and also that he knew who put them there. He is also credited by the defense with being the first man to say that the man who placed the cigars there was the same who killed Croy.

FUGITIVE AT HOME AFTER A LONG CHASE

Leon H. Marcher, Accused of Theft of $4,900, Was Taken in Norway.

New York, Sept. 15.—Two New York detectives who arrived today from England on the steamer Adriatic, brought with them a prisoner whose capture was recently effected in Norway after a long search for him in various parts of the world had been in progress for many months. He was Leon H. Marcher, accused of abstracting $4,900 from the safe of the Morse iron works in Brooklyn, where he was employed as a bookkeeper and fleeing to Europe.

Marcher disappeared in April. He was traced to England and then to Norway, where he was arrested by the Christiania police. Notification of his arrest had hardly been received in New York when a second message came from the Norwegian authorities saying that Marcher had made his escape from jail and was again a fugitive. Within a day or two, however, he was recaptured and officers were sent from here to bring him home.

PRESIDENT TAFT 53 BUT DOES NOT CELEBRATE

Goes to Links for Morning Game of Golf on His Birthday.

Beverly, Mass., Sept. 15.—President Taft was 53 years old today. Many congratulatory letters and telegrams were received by the president at his summer home on Burgess Point, but there was no particular celebration of the day.

In the morning the president and Secretary Norton went to the Myopia club links for their usual game of golf.

No visitors were expected at the summer white house during the day.

BRADLEY ON HUNT OF COOK'S PROOFS

Explorer's Backer Goes to Etah Seeking Records and Instruments.

COOK BELIEVED TO BE WITH PROMOTER

More Eskimos Insist Brooklyn Doctor Was Really First at Pole.

Copenhagen, Sept. 15.—The Danish steamer Hans Egdae arrived here today with the news that John R. Bradley, the financial backer of Dr. Frederick A. Cook's north polar expedition, was on his way to Etah to secure the much-talked-of records and instruments which Cook has said that he left at the Eskimo settlement northeast of Greenland.

The captain of the steamer thinks that Cook is with Bradley, but gives no particular reason for this belief. The Hans Egdae, which is the vessel upon which the explorer traveled to civilization, fell in with a yacht at Godhaven a Danish settlement on the south coast of Disco island, Greenland, and in the course of exchanges between the masters learned that Bradley was aboard the other craft.

The polar hunt promoter admitted his identity and explained that he was bound for Etah to recover whatever had been left there by Dr. Cook. He refused, however, to either deny or confirm the report that he was accompanied by the explorer.

The government vessel also brings the information that two missionaries who are working among the Eskimos who accompanied Cook on his expedition say that these Eskimos insist that the doctor reached the north pole, as he claims, prior to its discovery by Commander Peary.

PILOTS AND RACERS COMING IN FOR BIG MEET

Fifteen Entries in Balloon Events Saturday at Indianapolis.

Indianapolis, Ind., Sept. 15.—Pilots and balloons for the American championship and free for all races, which start at the Indianapolis motor speedway Saturday afternoon are arriving at the speedway and inflation will start tomorrow. Nine contestants have entered in the championship race, which will be conducted under the rules of the Aero club of America.

Six are entered in the free for all race for gas balloons of any capacity, which will be started just after the entries in the championship contests have been sent into the air. This race is for distance, the winner to receive a diamond studded cup. In the championship race both endurance and distance will be taken into account.

Balloonists from New York, Philadelphia, Cleveland, Dayton, Chicago, St. Louis and Indianapolis will participate in the two races.

GARRETT MEN HURT IN WRECK AT CHICAGO

Baltimore & Ohio Passenger Crashes Into a Rock Island Freight.

Chicago, Sept. 15.—Seven persons were injured in the yards at 34th street and Cottage avenue today, when a Baltimore and Ohio passenger train crashed into the rear of a Rock Island freight train.

The accident is the fourth at this point during the last eighteen months. The freight was by mistake switched onto the main track ahead of the passenger train.

Among the injured:

John Mitchell, Garrett, Ind., engineer of the passenger train, shoulder fractured; internal injuries.

Jesse Lelane, fireman, Garrett, Ind.; leg broken.

GO TO CLEVELAND NEXT.

Toledo, O., Sept. 15.—Cleveland was chosen by the Improved Order of Red Men for the convention city in 1911 at the closing session of the order here today.

THE WEATHER.

Washington, Sept. 15.—Indiana—Partly cloudy tonight and Friday; light variable winds.

Ohio—Fair tonight and Friday; light frost probably tonight in the lowlands of north and east portions; light variable winds.

Lower Michigan—Partly cloudy tonight and Friday; warmer tonight in north and west portions; light variable winds, shifting to southeast.

Illinois—Generally fair tonight and Friday; slightly warmer Friday.

C. H. WORDEN HEADS INDIANA BANKERS

Fort Wayne Man Elected as President of State Association.

FINANCIERS ARE READY TO ADJOURN

Senator Beveridge and C. L. Jewett Are Heard in Addresses.

Evansville, Ind., Sept. 15.—Speeches by Senator Beveridge and Charles L. Jewett, of New Albany, and the election of officers, featured the session of the Indiana Bankers' association today. Senator Beveridge discussed

CHARLES H. WORDEN,
Fort Wayne Man Elected President Indiana Bankers.

governmental regulation generally, and complimented the bankers on the fact that while they were seeking legislative measures for simplification of their system they were not in need of regulation.

Colonel Jewett advocated negotiable instruments measure in Indiana and censured radicalism in legislation, mentioned Theodore Roosevelt disparagingly and endorsed President Taft as a wise and conservative executive.

The Officers Chosen.

Officers elected are:

President, Charles H. Worden, Fort Wayne.

Vice president, Earl S. Givens, New Albany.

Secretary, Andrew C. Smith, Indianapolis.

Treasurer, Ralph Payne, Rushville.

Members of executive council: Benjamin Bosse, Evansville; J. W. Sale, Markle; George U. Bingham, South Bend. M. S. Sonntag, of Evansville, was elected vice president for Indiana of the American Bankers' association.

The convention will adjourn this afternoon.

WABASH LINES EAST OF TOLEDO ARE INVOLVED

Mercantile Trust Sues to Recover Millions in Stocks and Bonds.

Toledo, Sept. 15.—Alleging a violation of the intents and purposes of an agreement between it and the Pittsburg-Toledo syndicate (George J. Gould and others) the Mercantile Trust company, of New York, has filed in the United States court here a suit against the Wabash Railway company and Francis H. Skelding and Henry W. McMaster, as receivers of the Wabash-Pittsburg Terminal Railway company, asking for the return to complainant as trustees the certicates of the entire capital stock of the Pittsburg Terminal Railway company and the bonds of the Pittsburg Terminal Railway and Coal company, amounting to about $14,000,000.

The future control of the Wabash lines east of Toledo is more or less involved in the suit.

MADE COADJUTOR BISHOP.

Rt. Rev. Joseph Chartrand Consecrated at Indianapolis.

Indianapolis, Ind., Sept. 15.—With imposing ceremonies and before an audience that filled to overflowing SS. Peter and Paul's cathedral, the Rt. Rev. Joseph Chartrand was consecrated today as bishop coadjutor of the Indianapolis diocese. Monsigner Diomede Falconio, the apostolic delegate, took the chief part in the ceremonial. Bishops, priests, prelates and sisters from all over the country attended. The venerable bishop Chatard is at the head of this diocese.

HASKELL TO REPLY.

Lawton, Okla., Sept. 15.—Governor Charles N. Haskell will deliver a speech here this afternoon in which he will reply to the address of Col. Theodore Roosevelt made in Kansas City. Gov. Haskell's speech will deal with Col. Roosevelt as a man, legislator and president.

RIVERS SWOLLEN BY SEA OF BEER

Total of 18,000 Gallons of Amber Fluid Freed as Tank Bursts.

FLOOD HOLDS FRED ROTH A PRISONER

Worker at Berghoff Brewery Climbs High to Save Himself.

It was a veritable sea of beer that was let loose in the tank cellar at the Berghoff Brewing company's plant about 10:30 o'clock this morning, when a huge tank that has a capacity of 650 barrels and which was pretty nearly full, bursted because of weak supports. This flood of fluid drained away through the sewers into the rivers.

The staves forming the big tank fell away from each other with great force, impelled by the tremendous weight of such a quantity of beer, which in other terms amounted to 18,000 gallons. The cellar containing the tanks is a big one, but nevertheless the beer rose to a height of three and one-half feet.

Working in a tank adjoining was Fred Roth, 621 Holman street, and escape for him was impossible because the manhole stands only two feet from the ground and the staves of the bursted tank completely blocked him. In order to get out of reach of the beer, he was forced to climb upon the scaffolding work within, as the tank was undergoing repairs and some planks had been arranged to work upon. And Mr. Roth had to remain in that position for fully half an hour.

His comrades realized where he was as soon as the accident happened, but they could not get to him before tearing away the wreckage of the broken tank. It was fully half an hour before the surface of the beer had lowered sufficiently by emptying into the sewer to allow workmen to get at work upon the wreckage. Soon, however, there were three or four booted men pulling at the staves and Roth was allowed to crawl out through the man hole to fresh air.

The bursting of a tank in a beer cellar is not an unusual occurrence, but it is seldom that such a great mass of the substance is freed as was that of this morning. It represented a value of hundreds of dollars.

HOLD-UP MEN SHOOT FRANK TILLEY IN ARM

Congressional Nominee at Terre Haute Has Battle With Robbers.

Terre Haute, Ind., Sept. 15.—Detectives are hot on the trail of two hold-up men who wounded and attempted to kill Frank Tilley, republican nominee for congress from this district, Wednesday night. Mr. Tilley gave minute descriptions of the men, who have been seen by several persons since the deed.

Last night Mr. Tilley was driving into town at 9:30 o'clock when two men leaped out from behind some bushes, one caught hold of his horse and the other fired at him, the bullet passing through his arm. Mr. Tilley cut the man holding the horse across the face with his whip, and the horse leaped forward, at the moment that the other highwayman fired a second shot, which went wild.

CLEVELAND FIGURES OUT.

Population of Big Ohio City is Now Over Half a Million.

Washington, Sept. 15.—The population of Cleveland, Ohio, is 560,663, an increase of 178,895 or 46.9 per cent as compared with 381,768 in 1900.

The population of Joliet, Ill., is 34,670, an increase of 5,317 or 18.1 per cent as compared with 29,353 in 1900.

The returns for Cleveland established that city as one of the large centers of population of the country, lifting it to a point above Pittsburg and comparatively little below St. Louis and Boston.

Cincinnati, which in 1890 contained about 35,000 more people than Cleveland, is now behind in population to the extent of almost 200,000. The city will hereafter take rank among the first ten cities of the country.

PAY ANOTHER DIVIDEND.

Washington, Sept. 15.—A dividend of 10 per cent, has been declared for the creditors of the First National bank, of East Brady, Pa. The bank failed on May 1, 1908. This will make dividends of 50 per cent, paid so far by the comptroller of the currency.

DR. C. E. BARNETT CHOSEN.

Elected Vice President of Important Medical Association.

Detroit, Mich., Sept. 15.—The Mississippi Valley Medical association today elected the following officers: President, Dr. Robert H. Babcock, Chicago; first vice president, Dr. A. D. Holmes, Detroit; second vice president, Dr. Charles E. Barnett, Fort Wayne, Ind.; secretary, Dr. Henry Enos Tuley, Louisville, Ky.; treasurer, Dr. S. C. Stanton, Chicago.

NO TYPHOID IN THE CITY WATER, SAY DOCTORS

Find Species of Small Bug in Two Instances, But No Colon Bacilli.

Dr. A. P. Buchman, president, and Dr. Eric Crull, secretary of the city board of health are both authority for the statement that there is an entire absence of colon bacilli in the city water supply and that none of the typhoid cases in the city now resulted from drinking city water.

Dr. Buchman stated that he has made a rigid investigation and finds that there are fewer cases of typhoid fever in the city now than at the same time of the year for five years past and that all of the cases now in the hospital and in care of physicians resulted from causes other than the city water supply.

Each of them obtained a sample of water this morning from the Burgoon residence at 1822 Smith street, and found in it a species of small bug. Neither of them is an entomologist and neither was able to state just what branch of the insect family the find belongs to but both agree that under microscopic examination they resemble the ordinary soft-shelled crab.

No Typhoid Germs.

They are certain there are no typhoid germs present. During the entire summer the members of the board of health have kept a close watch upon the water supply and on September 10 received returns from the state chemist on samples taken from the extreme limits of the city and from the central portion and the reports say that colon bacilli is absent.

The physicians are not inclined to find fault with people who report the presence of bad water. They want to know it and as soon as a report is received an immediate investigation is made. They are certain that it is impossible to get sewer contamination in the water because the pressure is too great and they are equally as sure that there is no contamination from the pumping stations but not so certain about the reservoir which they believe is in need of a thorough cleaning.

Couldn't Do It in Summer.

There was no chance during the summer months to cleanse the reservoir as the board of public works could not take a chance on emptying it during the severe drouth but the departments of the city will get together and devise some means of renovating the big basin and relieving it of contamination if any exists.

Dr. Buchman says that the water supply of the city is inadequate and that this proposition must be met sooner or later. He also ascribes the presence of the bugs to the asphalt lining of the reservoir but adds that their presence will not cause typhoid fever. Samples taken from seven taps in the immediate vicinity of the Burgoon residence and from houses at which the water supply is obtained from the same source did not show any bugs.

Same Condition on Pontiac.

A report that there were worms in the water at the residence of Mrs. A. Ogden, 1711 East Pontiac street, caused a thorough investigation. Samples were taken from the houses adjoining on both sides, across the street and from several other places in the same neighborhood and these conditions were not present. A sample from the Ogden home was sent today to the state chemist.

Chairman Frank Benoy says that no water is being pumped from polluted pools and that it flows directly from the rock wells into the mains. He says further that in his opinion water is sometimes stirred up by the fact that pipes are cut in order to change fire hydrants or to make new connections. The mains are emptied and when the water is turned on again the force raises the sediment in the pipes. He also adds that where these connections are made particles of dirt may get into the mains.

Are Anxious to Know.

All of the departments of the city government declare they are anxious to know about water conditions and they say they recognize the importance of purity. They do not want any false alarms, nor do they want people to refrain from making reports where they think contamination exists. This is the only source the officers have for obtaining information.

They think that all the people reporting contamination do it honestly and not from any desire to find fault but rather with a view of correcting bad conditions, yet at the same time they do not want unnecessary alarm spread.

NOT DANGEROUSLY HURT.

High Diver Has Miraculous Escape at Sullivan.

Terre Haute, Ind., Sept. 15.—When Charles Conway, high diver engaged as an attraction for the Sullivan home coming, struck the net stretched 100 feet below him last night, the stakes at one end gave way, and he fell to the ground.

When he recovered consciousness it was found that though his neck and shoulders were strained painfully he was not dangerously hurt.

AIRSHIP DASHES TO GROUND.

Cleveland Aviator Narrowly Escapes Injury.

New York, Sept. 15.—Harry S. Harkness, the aviator of Cleveland, and a member of a prominent family in that city, had a narrow escape today when the monoplane in which he was flying at the aerodrome in Garden City, L. I., dived suddenly to the ground from a height of twenty-five feet. Harkness' machine was demolished, but he fortunately escaped injury. This was Harkness' first flight in America. He has been known abroad for his feats in aviation and came to America to enter the elimination trials for the international aviation meet next month.

VITAL ISSUES IN ILLINOIS PRIMARY

Alleged Bribery and Legislative Corruption Factors in Struggle.

LOT OF STATESMEN SEEK VINDICATION

Democrats of New Jersey to Name Woodrow Wilson —Political News.

Chicago, Sept. 15.—The issues in the primary election here today included alleged corruption in the Illinois legislature as revealed in the trial of Lee O'Neil Browne, who was charged with bribery in the election of William Lorimer to the United States senate, and a plea for vindication on the part of men whose names were brought into the trial.

In most of the congressional districts insurgency is an issue. The primary is the first under Illinois' third primary law.

Congressman Mann, chairman of the committee of inter-state and foreign commerce, a staunch supporter of Speaker Cannon, has two adversaries both running on insurgent platforms. So has Henry S. Boutell in the Ninth district. Congressman Foss, also aligned with the regulars has a contest on against an insurgent candidate.

TRADING IS EXPECTED.

Shaffroth's Narrow Margin May Lead to Deals in Colorado.

Denver, Col., Sept. 15.—As the result of the narrow margin by which John H. Shaffroth was renominated for governor over Dr. B. L. Jefferson by the democratic state convention last night it is said there will be some trading between the Shaffroth and Jefferson factions today in nominations still pending.

Pledges of radical legislation contained in the state platform of 1908 for the redemption of which the legislature was summoned to sit in extraordinary session by Governor Shaffroth last month and the greater part of which the legislature is still considering, are reaffirmed in the platform to be voted upon by the democratic state convention here today.

The platform approves the action of Governor Shaffroth in calling the extra session of the legislature, commends that body for having submitted to the people constitutional amendment for initiative and referendum and calls upon the legislators to enact at this session the remaining "platform pledges," namely, the direct primary, the headless ballot, the bank guaranty and a railroad commission law.

United States Senator Simon Guggenheim is denounced. The platform declares "Simon Guggenheim has voted to rob the people in order to enrich the corporations and trusts with which he is allied." The Pane-Aldrich tariff law is denounced as a revision upward in the interests of the trusts.

CALEB POWERS MAY WIN.

Former Convict Likely to Secure Congressional Nomination.

London, Ky., Sept. 15.—The nineteen mountain counties comprising the Eleventh congressional district of Kentucky are seething today over the republican primary election between D. C. Edwards, incumbent, and Caleb Powers, former secretary of state. Fine weather brought out a big vote.

Powers' eight years' imprisonment because of his alleged connection with the Goebel assassination has been an issue in the campaign as he used his "martyrdom" as he called it, in appealing for votes. Bitter personalities marked the canvass and as a result

[Continued on Page Two.]

C. TRESSELT, AGED 87 FALLS DOWN A STAIRWAY

Veteran Miller Painfully Hurt, But is Expected to Recover.

Christian Tresselt, the veteran miller, who has passed the eighty-seventh year in his career, plunged down the steps leading from the first floor to the cellar at the City Mills on Clinton street, about 7:30 o'clock this morning and besides several bad bruises, sustained a concussion of the brain.

The injuries are not necessarily serious in themselves, but because of the advanced age of the unfortunate man, they may prove fatal. The attending physician believes, however, that Mr. Tresselt's strong and healthful condition will enable him to recover from this accident just as it did from a similar accident about a year ago.

When picked up by employes at the mill this morning, Mr. Tresselt was unconscious, but revived in about five minutes. He was able to walk and move his arms and shoulders, so it is not thought any bones were broken. Neither is it believed he suffered any internal hurts. He was removed to his home at 312 East Jefferson street and there every possible care is being given him.

POOL FOR BATHING IS THING FOR FUTURE

Playground Association is Planning to Build One on Broadway.

In conjunction with purchasing equipment for the new McCulloch park playground along Broadway, at a meeting held Wednesday afternoon, the executive committee of the local Playground association started negotiations, the main purpose of which shall be the construction of a bathing pool near the playground.

The site for the new playground is given free of charge by Ben F. Pettitt and adjoining it, is a plot of unused ground owned by the Wabash railroad. It is hoped that this ground may be leased from the railroad and when sufficient money is obtained, a bathing pool of the dimensions of fifty feet would be built. The depth of the pool would vary from three to six feet and along one side would be built a series of dressing rooms. If successful in securing the lease, the pool is to be constructed after the plan of one at Lafayette, where the water is changed twice a week.

With the bathing pool adjoining it, the Broadway playground will be one of the most popular spots in the city. The executive committee yesterday allowed a bill of $400 for the construction of the shelter house and ordered about $500 worth of equipment. Instead of a wading pool, shower baths are to be installed next spring.

The new Broadway playground has not been named as yet, but it has been suggested that it be called the "M. E. Rice Playground," an acknowledgment to Mr. Rice for his kindness last spring in donating his theater and managing the production of the play "Forty-Five Minutes from Broadway," from which about a thousand dollars was secured for playground purposes.

SCHOONER STRIKES REEF.

Small Craft Comes to Grief in Lake Michigan.

Chicago, Sept. 15.—A wireless dispatch to the Daily News states that the small schooner J. B. Newland struck a reef off North Manitou island in Lake Michigan today. The United States revenue cutter Tuscarroa answered the signal of distress and rescued the crew of four, which were taken ashore.

LEWIS INSISTS TWO MEN GOT WATCH AND PANTS

Judge Let Him Go and He Promised to Get Back Home.

Clarence Lewis is probably well on his way to Centralia, Illinois, with a pair of blue overalls to represent the pants he wore when he left and to square himself with his brother, whose watch he lost while he was in Fort Wayne.

Lewis is the fellow caught running around with no trousers on a few nights ago. He was sober this morning and insisted that two fellows met him at the Wabash depot and asked him for something to eat. He says he bought them some ham and eggs, took them to a picture show, bought some beer for them and they rewarded him by knocking him down, taking his pants, his money and his brother's watch.

Bert Smith is Fined.

Bert Smith was fined $5 and costs for public intoxication. He had nothing to say in his defense but was practically forced to take the stand and made to admit that he threw a knife and fork at his wife. He has a small family.

Albert Finney Held.

At the conclusion of the testimony against Albert and Will Finney for robbing the John Hedges saloon in Bloomingdale, Albert was held to the circuit court under a bond of $1,000 and Will was released. Albert Finney said he found a suit case stolen from the saloon along the Lake Erie tracks.

VITAL ISSUES IN ILLINOIS PRIMARY

[Continued from Page One.]

leaders of both sides were busy today trying to keep down trouble.

Each faction expressed confidence when the polls opened. Because of the remoteness of some of the precincts, the result may not be known definitely until Saturday night.

EXPECT WILSON TO WIN.

Princeton President to Lead Democrats in New Jersey.

Trenton, N. J., Sept. 15.—Woodrow Wilson, president of Princeton university, appears to be in the lead for the democratic nomination for governor of New Jersey. Col. George E. Harvey, who has been active in promoting Mr. Wilson's candidacy, and James Smith, jr., former United States senator and leader of the North Jersey democracy, are working hard for success of the distinguished educator and they stick to their claim that he will be nominated on the first ballot.

OPPONENTS WILL MEET.

Roosevelt and Woodruff Both in Syracuse Saturday.

New York, Sept. 15.—Theodore Roosevelt and Timothy L. Woodruff, chairman of the republican state committee probably will meet in Syracuse Saturday. Col. Roosevelt is to speak at the state fair Saturday and Chairman Woodruff, who leaves tonight for Syracuse to attend a dinner to be given in his honor by state fair officials will stay over until Sunday to hear what the colonel has to say. Mr. Woodruff was asked whether he had heard any confirmation of a report said to have eminated from friends of Col. Roosevelt to the effect that President Taft looks with favor on the Roosevelt program at the state convention.

"You haven't heard that the president has taken such a position have you?" was the chairman's reply.

"It doesn't make any difference, however, so far as the temporary chairmanship is concerned. The state committee took a dignified position in selecting the vice president of the United States and that selection was finally acquiesced in by every member of the committee present with the exception of County Chairman Griscom and Harry W. Mack, who were not recorded."

Lloyd C. Griscom when told what Chairman Woodruff had said made this comment: "Mr. Woodruff ignores the fact that Mr. Sherman's election by the state committee was attained by misuse of President Taft's name. Mr. Sherman's election was accomplished in such a manner that he cannot with dignity accept it."

Questioned as to reports that Col. Roosevelt's adherents were not disposed to endorse President Taft's administration at the state convention Mr. Griscom said: "I have not heard that any republican in the state is opposed to giving the fullest endorsement to the administration of President Taft. I certainly am in favor of it."

BEGIN STORMY CONVENTION.

Brooks Likely to Be Renominated in Wyoming.

Rawlins, Wyo., Sept. 15.—The republicans of Wyoming today began a stormy convention. The re-nomination of Governor Brooks seems probable, Mullen and Rudgely being the leaders of the opposition.

The resolutions committee will be asked to endorse Ballinger and a hot fight is certain. The insurgents ask for only a mild approval of the Taft administration.

GRAY GOES ON TICKET.

Former Minneapolis Mayor Named for Governor of Minnesota.

St. Paul, Minn., Sept. 15.—The nomination of James Gray for governor to fill the vacancy at the head of the democratic state ticket was made unanimous at a meeting of the state central committee here this afternoon.

Mr. Gray was formerly mayor of Minneapolis and is a widely known party man. He goes on the ticket in place of John Lind, who declined to make the race.

GREAT VALUE FOR ONE DOLLAR

TOMORROW IS DOLLAR DAY IN FORT WAYNE.

The merchants are going to see how much they can give you tomorrow for $1.00. It's nothing new for this store. We lay awake nights thinking of some way that we can give you more for a DOLLAR.

HERE ARE A FEW THINGS FOR TO-MORROW:

Six pair of Wayne Knit 25c Black Hose with red, white or blue silk figures will be sold tomorrow for $1.00. Only sixty dozen of this hose.

Two pair of Wayne Knit Pure Silk Hose, any color, for $1.00.

One suit (Shirt and Drawers,) of Wright's Heavy Fleece Wooltexur Underwear, any size, 30 to 50, will be sold for $1.00.

Six pair of Wilson Bros. Whisper Weight Lisle Hose, any color, for $1.00.

1 pair Full Figure Kid Gloves, $1.00.

1 pair Argirsinger's Cape Gloves, $1.00.

Two pair Chamois Gloves, brown or grey, $1.00.

One suit of Van Dyke Union Underwear made out of pure Egyptian Cotton, medium weight, $1.00.

Patterson-Fletcher Co.

LAHEY MAKES QUEER PLANS FOR HIS SALOON

Will Give His Brother All the Profits—Court News.

If Ed Lahey gets a saloon license for Arcola for which he was making a fight before the board of county commissioners this afternoon he will run a queer institution provided he carries out the plan he told of in his testimony.

He said he has a brother who will work for him and get all the money that is left after the expenses are paid. He did not know just where he came in. A remonstrance was filed against the license by Jacob Rapp and Mr. and Mrs. Samuel Lawrence. They withdrew this afternoon but Attorney Guy Colerick insists that the withdrawal is too late. He attacked the validity of the application and an argument ensued. Surface indications show that Lahey is acting for his brother in making the application.

Papers are Filed.

Articles of incorporation of the Fort Wayne Trunk and Leather company were filed this afternoon with the county recorder. The capital stock is $10,000 and the incorporators are Andrew J. Keller, Charles A. Keller and Ervin S. Raymond.

Abused a Sick Wife.

In a divorce complaint filed in the superior court today Alice Gibbs charges that William Gibbs stood beside a bed on which she lay ill and abused her until she became exceedingly nervous and that her health was greatly endangered and impaired by this action.

She also says that he struck and scratched her and called her vile names. They have a daughter sixteen years old and live at 1421 Barthold street. A restraining order was issued to prevent him from molesting his family or disposing of his property. P. B. Colerick is her attorney.

Divided His Property.

Under the will of the late John C. Pfeiffer his home on Wells street with the furnishings and thirty shares of First National bank stock becomes the property of his daughters, Sophia S. and Abbie E. Pfeiffer. His life insurance is to be equally divided between Charles F., Edward, Abbie and Sophia Pfeiffer and Caroline Sites.

A farm of 240 acres passes into the possession of Edward Pfeiffer on payment of $500 each to Abbie and Sophia Pfeiffer and the remainder of his property is to be equally divided after the payment of $200 to Emanuel Lutheran church. Charles Pfeiffer is named as executor.

Want Annulment.

Mary A. Kane is seeking an anulment of her marriage to Charles Kane who she says is insane and confined in the county infirmary.

ALL LOOK ALIKE TO MR. TAFT NOW

[Continued from Page One.]

that you will yourselves meet your local and state situation in this spirit, and that you will write to your friends and ask them to do likewise.

"The president feels that the value of federal patronage has been greatly exaggerated and the refusal to grant it has probably been more useful to the men affected than the appointments would have been. In the preliminary skirmishes in certain states like Wisconsin and Iowa and elsewhere he was willing, in the interest of what the leaders believed would lead to party success, to make certain discriminations, but the president has concluded that it is his duty now to treat all republican congressmen and senators alike without any distinction.

"He will now follow the usual rule in republican congressional districts and states and follow the recommendations made by republican congressmen and senators of whatever shade of political opinion, only requiring that the men recommended shall be good men, the most competent and the best fitted for the particular office. Sincerely yours,

"CHARLES D. NORTON,
"Secretary to the President."

No Concession to Insurgency.

Discussing the views of President Taft as disclosed by the letter of Secretary Norton, persons conversant with national politics said that they should not be taken as a concession to "insurgency." As the party leaders view the situation, Iowa is not "violently insurgent." The Iowa republican platform, it is pointed out, subscribed to "such efforts as President Taft and his advisors have made to fulfill the promises of the national platform" and approved "the efforts of the president to secure the desired information for a tariff revision through a board of experts."

Among those from whom, it is said, the president temporarily withheld federal patronage were Senators La-Follette, of Wisconsin; Bristow, of Kansas, and Dolliver and Cummins, of Iowa, and Representative Hubbard, of Iowa.

MAURICE NIEZER DEPUTY.

Maurice Neizer, of te local lodge of Elks, No. 155, as been appointed as district deputy for northern Indiana by Grand Exalted Ruler August Hermann, of Cincinnati.

MARRIAGE LICENSES.

Charles Shoemaker, 30, fireman, and Annette M. Cullen, 30.

Clarence L. Bailey, 27, bartender, and Anna Brown, 23.

1 pair Argirsinger's Cape Gloves tomorrow, $1.00.
PATTERSON-FLETCHER CO.

THE DEATHS.

GREEN.

Dr. Thomas C. Green, who until about a year ago was a practicing physician at Albion, died Thursday morning at the age of 65 years at the home of a son, Frank Green, 449 Brackenridge street. Death resulted from a complication of diseases.

Dr. Green's life had been one of especial activity, throughout all of which he had been a devout Christian. After his retirement from active practice at Albion about a year ago, he had spent much of his time in this city visiting his son and other relatives. He was a member of the G. A. R. post at Ligonier, having served in the civil war for three and a half years. He was one of those who spent some time as a prisoner at Libby prison.

The deceased was affiliated with the Methodist Episcopal church at Ligonier. Three children survive him, the wife having passed away three years ago. Frank Green is a resident of this city; Rev. Edgar Green, also a son, lives in Gary, Ind., and Mrs. Mary Knepper, a daughter, is a resident of this city.

Funeral services Saturday afternoon at 1:30 o'clock from the residence of the son, Frank M. Green.

BOSCHET.

Following an operation for appendicitis, Mrs. Lavina P. Boschet, wife of John O. Boschet, of 117 Third street, a dyer at the Fort Wayne Knitting mills, died at 9:30 o'clock this morning at St. Joseph's hospital. Death was directly due to typhoid pneumonia.

Mrs. Boschet was removed to the hospital last Saturday, when she submitted to the operation. She was well known in this city, possession a host of friends to whom news of her death is a severe shock. The husband, mother and two sisters survive. The mother is Mrs. Sarah Doulngs, of this city, and the sisters are Mrs. Joseph Yobst and Mrs. Carl Venus.

Funeral services Sunday afternoon at 2:30 o'clock from the residence, interment in Lindenwood cemetery.

BAKER.

Mrs. Cora Baker, aged 30 years, wife of A. G. Baker, driver for the Vesey floral establishment, and living at 925 Cottage avenue, passed away at the Lutheran hospital this morning, following a severe sickness from a complication of diseases.

The deceased was admired and respected among a large circle of friends. She was a member of the Degree of Honor and also of the United Brethren church. The husband and two sons and two daughters survive of the direct family.

Funeral services Sunday, hour to be announced later.

WIEDMANN.

Arthur Wiedmann, the one-year-old son of Mr. and Mrs. Charles Wiedman, 2619 Chestnut street, died Wednesday afternoon. The father is foreman at the Rhinesmith and Simonson lumber yard.

Funeral services held Thursday afternoon at 1:30 o'clock from the residence and at 2 o'clock from the St. Mary's Catholic church.

FUNERAL ANNOUNCEMENTS.

Puckett—The funeral services for Florence G. Puckett, the infant daughter of Mr. and Mrs. Walter Puckett, 420 Dawson street, were held this afternoon at 2 o'clock. The services were private because of the serious illness of the mother, who was formerly Mrs. Etta Gay.

NIGHT RIDERS BURN BARNS.

Brookville, Ky., Sept. 15.—Night riders presumably burned two barns in Bracken county last night and although the losses were small, both equity and anti-equity men suffered, the barns of W. O. Bradford, an Equity society solicitor and George B. Kenny, a non-equity planter, being burned. Bands of masked men appeared simultaneously at both places soon after midnight and were seen setting fire to the barns. During the night rider troubles in Bracken county last summer Mr. Kenny permitted the state militia to encamp on his farm and since that time he has frequently been threatened with violence.

IN THE CITY'S CHURCHES

PASTOR HERE FIVE YEARS HAS BEEN SENT TO KALAMAZOO

Rev. Lewis Pettiford, of African M. E. Church, is Transferred.

Rev. Lewis Pettiford, who for the last five years has been pastor of the African M. E. church, will leave the city Saturday for Kalamazoo, Mich., where he has taken pastoral charge of the African M. E. church in that place. He has been busy this week packing his household goods and they were shipped today to his new home. Mrs. Pettiford has been in Grand Rapids this week and will join her husband Saturday at Kalamazoo.

This transfer of Rev. Mr. Pettiford was made at the Michigan conference of the church, which closed its sessions a few days ago, the meeting being held at Kalamazoo. Mr. Pettiford preached at his new charge last Sunday and will enter actively upon his pastorate there next Sunday.

The new pastor for the church in this city was selected by the conference, but it is not yet known here who he is, Rev. Mr. Pettiford being unable to tell when interviewed by The Sentinel reporter concerning the change.

Rev. Alexander Smith, who was formerly pastor of the church here, was sent by the conference to Benton Harbor, Mich., and Rev. W. N. Simpson, another former pastor of this city, was transferred from Kalamazoo to Grand Rapids.

A change of considerable local interest is that of Rev. Wm. Baber from Pontiac, Mich., to Chatham, Ontario, one of the prosperous charges in Canada. Rev. Mr. Baber formerly resided in Fort Wayne, being a porter at the Wayne barber shop. He entered the ministery three years ago in this city and is one of the successful colored pastors.

* * *

CATHOLICS WILL ATTEND

Corner Stone Laying for New Church at Plymouth.

Because of the fact that the pastor of the church, Rev. John Tremmel, was a former Fort Wayne boy, his parents yet residing in this city, a number of his friends from Fort Wayne will attend on Sunday the exercises incident to the laying of the corner stone for the new edifice that is being erected at Plymouth by the St. Micheal's parish.

The ceremony will take place at 2 o'clock on Sunday, the addresses being delivered by Rev. Andrew Morrissey, provincial of the order of the Holy Cross for the United States, of Notre Dame, and Attorney Wm. A. McInery, of South Bend. The corner stone laying will be in charge of the South Bend council of the Knights of Columbus.

Father Tremmel, the pastor of the congregation, has done a great work at Plymouth and is meeting with success in his pastorate. The new church edifice is to be a handsome one and the event Sunday will be a notable one.

* * *

BAPTIST ASSOCIATION.

Officers Elected at Meeting Held at Huntington.

The Fort Wayne Baptist association, which has been in annual session this week at Huntington, late Wednesday afternoon elected the following officers for the ensuing year:

Moderator—Rev. B. H. Truman, Warsaw.

First Vice President—Rev. J. F. Porterfield, Columbia City.

Second Vice President—Rev. W. F. Roberts, Huntington.

Clerk—E. W. Lewis, Fort Wayne.

Mr. Lewis has held the office of clerk for the last few years and has given its duties such splendid attention that the association seems determined to keep him in the office.

ARE AT INDIANAPOLIS

Catholic Clergy Attending Consecration of Bishop.

Rt. Rev. H. J. Alerding, bishop of this diocese, and Father Miller, his secretary, with Father Quinlan, of the Cathedral, Father Delaney, of St. Partick's, Father Hottenroth, of St. Mary's, and other priests in this vicinity went to Indianapolis Wednesday afternoon to be in attendance at the consecration of Rev. Joseph Chartrand as coadjutor bishop of the diocese of Indianapolis, which occurred today at the St. Peter and St. Paul Cathedral in that city. The ceremony is a great event and is attended by the clergy of several states and representatives of the sisterhoods.

COMMITTEE CHOSEN

To Make Arrangements for State Convention of W. C. T. U.

The local committee which has in charge the arrangements for the state convention of the Woman's Christian Temperance Union of Indiana, which meets in this city October 14, 15, 16, 17 and 18, has been chosen and consists of the following ladies:

Mesdames Martha Ridenour, N. W. Bloom, Joel Welty, J. W. Burns, G. W. Pixley, C. C. Schlatter, A. W. Niven, J. F. Kinsey, G. W. Thiebolt, Walter Burns, Joseph Miller, Ida Simmons, J. E. Proetzeller, S. F. Bowser, C. H. Platt, Charles Easley, Verge Magner and H. J. Hunter.

These ladies, over their signatures, have sent the following card to The Sentinel for publication:

"This gathering in our city of the representatives of this great organization will prove a spiritual and moral uplift to the churches, and Fort Wayne will open wide her gates to give them a royal welcome.

"The National W. C. T. U. was organized in Cleveland in 1874 and is now the largest organization of women in the world, its membership having pashed the 300,000 mark. The object and work of these women has always ben for the betterment of humanity, for the uplifting of the fallen and for removing th eevils which tempt men and women from the paths of virtue and truth.

"The organization is undenominational and seeks to carry on its work in the name and spirit of Christ, who is the savior of the lost.

"Within a few days the city will be canvassed by the local members of the W. C. T. U. for the purpose of securing homes for the entertainment of the delegates attending the convention. They will number between 500 and 600, and we feel sure Fort Wayne will measure up to other Indiana cities and will open welcome homes and hearts to receive these elect women."

* * *

Will Return Friday.

Rev. Charles H. Thiele, the pastor of St. Peter's Catholic church, who has been in New York city for a few days this week on business connected with his charge, is expected home tomorrow evening.

* * *

A Class Supper.

The Young Women's Bible class of the First Baptist church will be entertained at a class supper Friday evening at the home of Mrs. E. J. Ritcher, 219 Brackenridge street.

* * *

To Attend Reunion.

Rev. S. E. Slater, pastor of the Lutheran church at Uniondale, Ind., was in the city today on his way to LaOtto to attend a solders' reunion to be held at that place on Saturday. This evening he will preach in one of the churches at LaOtto.

* * *

Supt. Ruf Will Preach.

Owing to the absence of Rev. John H. Bosch, the pastor of the St. John's Reformed church, who is in Michigan, Rev. B. Ruf, the superintendent of the Reformed Orphans' home, will preach at the morning service at the church next Sunday. There will be no evening service. The Sunday school will be held at the usual time, being conducted by Mr. Grotholtman.

* * *

St. Cecelia Circle.

The St. Cecelia Circle of the King's Daughters will meet Friday afternoon at 2:30 o'clock with Mrs. Harry L. Askew, 715 Jackson street.

WANTED—Experienced stenographer; must help at kodak counter. Jones' Kodak store.

CARD OF THANKS.

We desire in this manner to thank our many friends and neighbors and especially the Rev. Father Aichinger, St. Martin's Benevolent society and Benevolent Protective Order of Elks for their kindness and sympathy during the sickness and death of our husband and father.

MRS. PHILIP GRAF AND CHILDREN.

Assistant Postmaster Ed L. Craw returned last evening from New York and other eastern points where he has been spending the past ten days. Mr. Craw attended the convention of the assistant postmasters of the country at Atlantic City as one of the three delegates from Indiana. The other delegates were the assistant postmasters at Marion and Logansport.

WEIL AUTO CUTS UP SOME ANTICS AT BUFFALO

Car Backs Driver Into Big Window and Causes Excitement.

(Buffalo, N. Y., Courier.)

An automobile owned by Isaac Weil and driven by his son, Elmer Weil, both of Fort Wayne, Ind., crashed through a big plate glass window of the Lehigh Valley railroad ticket office at the Iroquois hotel shortly before 6 o'clock last evening and created so much excitement that the reserves had to be called from the Franklin street station to help clear the street.

When the reserves arrived in a patrol wagon they found Vito Christiano, an Italian interpreter, and Patrolman Louis Schroeder trying to release the chauffeur of the car, who had become wedged between the rear of the machine and the window.

Elmer Weil had reversed the machine on stopping, then started to crank up without releasing the clutch, it is stated. The car immediately started backward straight for the window.

Young Weil shouted for help and tried to pull the auto back by main strength, but was pinned against the window frame

He was helpless, as the auto continued to push forward. A big crowd immediately gathered at his yells and Patrolman Schroeder with Vito Christiano arrived and succeeded in releasing the imprisoned man. He sustained only a cut on the hand.

The Weils are here on a tour of the country. They agreed to make good with the Lehigh Valley Railroad company for the $200 damages to the window and were permitted to go. The car was slightly damaged.

CONCRETE WALK EXPLODES.

Dublin Folk Startled by Strange Sort of Upheaval.

Dublin, Ind., Sept. 15.—Merchants and pedestrians uptown yesterday afternoon were startled by the noise of an explosion that resembled that of gas or some other such force. On investigation it was discovered that the concrete pavement in front of the Terre Haute, Indianapolis & Eastern interurban station had been upheaved as though a small earthquake had occurred. The force of the upheaval was so great that it burst a pane of glass from a nearby lamp post and caused the windows of the interurban station to rattle. It is supposed the heat of the sun's rays had generated a gaseous substance, which had gradually accumulated until it caused the explosion.

AMERICA WINS CAR CONTRACTS.

Argentine Government Gives $1,400,000 Order to United States Firms.

Washington, Sept. 15.—American manufacturers have been awarded contracts for constructing all of the railway cars needed by the Argentine government, according to a cablegram received at the state department from American Minister Sherrill at Buenos Ayres. The American Car and Foundry company of New York, was awarded a contract for the construction of $1,000,000 worth of cars and the Herian and Hollingsworth company of Wilmington, Del., another for $400,000.

MODEL SERVANT GIVEN HOUSE.

Wealthy Woman Rewards Employe With Deed to Home and Lot.

Poughkeepsie, N. Y., Sept. 15.—Because she has been a model servant, Kate Brown has received from her employer, Mrs. Julia de Windt Thompson, wife of Dr. Thompson of Ferris Lane, a suburb of Poughkeepsie, a gift of a new house on a lot next to the Thompson property free and clear of all incumbrances. Mrs. Thompson had a surveyor measure off a generous strip of land from her estate, then built thereon a substantial and attractive house, and when it was all finished she surprised her servant by walking into the kitchen and giving the deed to her.

ARREST SOCIALIST SPEAKER.

Former Pastor Runs Afoul of Police Order At Salt Lake City.

Salt Lake City, Utah, Sept. 15.—William Thurston Brown, former pastor of the Unitarian church, but now a socialist, was arrested here last night while speaking on the street.

A few weeks ago attacks on the United States army by socialistic labor speakers angered soldiers from Fort Dodge and almost precipitated a riot. Chief of Police Barlow thereupon issued an order forbidding street meetings without permits. Rev. Mr. Brown resigned his pastorate to devote his time entirely to socialistic propaganda.

OLD FASHIONED PICNIC.

The members of the North American lodge will hold an old fashioned basket picnic at Swinney park on next Sunday. A large attendance is expected at this affair as invitations have been sent to the lodges at Hammond, Waterloo, Bluffton and Indianapolis. Some of the afternoon will be devoted to speeches by prominent members of the order.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
Sold by Druggists, Price, 75c. per bottle.
Take Hall's Family Pills for constipation.

F.; Knights and Ladies of Honor; Fort Wayne Commandery, Knights Templar; Ben Hur Court, No. 96; Rescue and Paul Homesteads, Bro. A. Y.; Union Veteran Legion, Sons of Veterans; Ladies of Modern Maccabees; Order of Elks.

Wall street isn't saying much as it reads the political news nowadays, but it is breathing heavily.

Republican leaders in the east are energetically laying the blame for the result in Maine upon the devoted head of Mr. Roosevelt. The old crowd appears to have selected T. R. as the real reason for anything and everything that gets out of joint, commercially and politically.

Republicans of Connecticut in their platform were thoughtful enough to commend the administration of Mr. Taft and to laud him as a "great and good" president. This is a formality which appears to have been forgotten in the construction of about all the other republican state platforms in this year of grace.

Developments would seem to indicate that Robert Winthrop Chanler displayed a lamentable lack of financial prudence when he assigned in a pre-nuptial contract an income of $30,000 a year to his wife and failed to "hold out" a sum sufficient to pay that tailor's bill for which the man of matrimonial woes has just been sued.

Certain gentlemen eminent in the meat packing and paving brick industries are doubtless constrained to believe that the federal grand jury at Chicago is deliberately putting itself in a position where it may be charged with pernacious activity against the corporations. The offense, however, is one which can hardly be catalogued as a violation of the Sherman anti-trust law.

Two militant suffragettes who officiated as qualified watchers at the New York primary polls summarized the results of their observations in the statement that they found "an extraordinary lack of discipline and a shocking lack of dignity" that should surround the exercise of the greatest function of the citizen. If the popular impression of election day in New York is correct, one would naturally have expected the ladies to have discovered more than that.

Speaker Cannon may have been purposely leaving open an avenue of escape this fall when he declared in an address at Minink, Ill., that "if we are to continue to have a republic, we must necessarily permit the majority to rule, as otherwise we would have no government by the people at all." Even the amiable Uncle Joe ought to be willing to concede that results in certain state elections and nominating primaries of late would indicate that the majority is getting ready to do some ruling.

While this year's world wheat acreage was doubtless the largest in history—235,000,000 acres—it is not unlikely, according to the United States department of agriculture experts, that the world's yield will be short of the high record of last year—3,624,000,000 bushels—yet the crop is reasonably certain to go down in history as quantitatively above the average. In a review of the foreign crop the reporter of the department says: "The total wheat acreage was doubtless the largest in history, the normal world area, about 235,000,000 acres, having been heavily increased this year by additional sowing of spring wheat in Russia and Canada. Up to July, when a fair crop had already been garnered in Argentina and an excellent one in British India, the prospect was for a world crop heavier than any preceding one, but drought that month in the spring wheat belts of North America and Russia and an unprecedentedly wet, cool summer in France are believed to have resulted in serious losses. When the final figures are made up it will not be surprising to find the total world yield short of the high record—3,624,000,000 bushels—last year. The crop is reasonably certain, however, to go down in history as quantitatively above the average."

The temerity of those young Egyptians who referred to Col. Roosevelt as a "vulger blusterer" and a "self-advertiser," is less admirable when it is recalled that they waited until Mr. Roosevelt had gotten several thousands of miles away before they delivered themselves of an opinion of this character. Yet even from their position in Switzerland it is doubtful if they can attack the African hunter without drawing his fire in a fashion that will make their diatribe appear soft-spoken by comparison. When one comes to think of it, however, "vulgar blusterer" and "self-advertiser" are about the mildest things any of Colonel Roosevelt's enemies have said about him.

ROBERTS AGAIN HEADS MINT.

Chicagoan Takes Oath and Is Welcomed Back to Washington.

Washington, D. C., Sept. 15.—George E. Roberts of Chicago, yesterday took the oath of office as director of the mint, the position he held until he resigned to become president of the Commercial National bank at Chicago. No special formalities marked the return of Mr. Roberts to his old desk in the treasury department. He was warmly welcomed by the officials and clerks of the bureau, who expressed pleasure in seeing him once again in charge. Mr. Roberts is extremely popular in Washington in official and social life. It aroused feelings of regret when his family departed from the capital and their return will restore an attractive social center.

Until further notice cars to Robison Park will run hourly, commencing 6:30 a. m. Last car leaves transfer corner at 6:30 p. m., leaving Robison Park at 7 p. m.

FIND BOOKS BURNED WHEN COMMITTEE WANTS THEM

Witnesses Tell New York Legislative Inquiry Evidence is Gone.

New York, Sept. 15.—The books, private accounts, and vouchers of Louis F. Goodsell, former state senator from Orange county, are not in existence. He destroyed them himself. They were wanted today by the Merrit legislative committee, investigating corruption in public life.

The books, private accounts, and vouchers of H. S. Beardsley, secretary and treasurer of the New York State Railway association, with which Senator Goodsell had business dealings, are no longer in existence. They also were wanted by the committee, but he had destroyed them himself before they were asked for today.

The books, private accounts, and vouchers of Louis F. Bedell, formerly assemblyman from Orange county, are no longer in existence. Mr. Bedell testified at a previous hearing of the committee that they had been destroyed in a hotel fire.

Mentions Name of Roosevelt.

The cumulative effect of the testimony of Messrs. Goodsell and Beardsley produced a sensation. Mr. Goodsell caused another one when, in defending his bill granting sweeping privileges to the New York Transportation company, he declared that Col. Roosevelt, then governor, had signed it.

There was a craning of necks when the name of C. H. Betts, member of the republican state committee from Wayne county, was mentioned as one who had received $1,750 during 1908 from the railway association "for information furnished the association." The nature of the information or whence it came was not disclosed. Mr. Betts was elected yesterday to head the Wayne county delegation to the coming republican state convention. He is the only man now alive and in public life whose name has been brought into the present inquiry.

Today Mr. Goodsell was asked to throw light upon a credit of $2,000 placed with Ellingwood & Cunnigham by President Rogers, of the Street Railway association in 1903, and testified that it had "probably" been for campaign purposes. The books of the republican state committee might show, the witness "imagined."

Cannot Recall $5,000 Offer.

Mr. Goodsell was asked concerning a letter sent him by Ellingwood & Cunningham in 1903, advising him that if he visited the firm's offices he would be given $5,000 in cash. He professed ignorance of this $5,000 and could not recall having ever received it.

In justification of the destruction of his books, Beardsley said the annual reports of the railway association would show its income and disbursements.

Beardsley was excused after being instructed to produce certain letters that had been extracted from a letter book presented to the committee so that the inquisitors could judge for themselves whether the letters were relevant to the investigation.

WANTS PART OF REWARD.

Josbeph Krimmer of San Antonio, Tex., Claims Wendling Discovery.

San Antonio, Tex., Sept. 15.—Detective Carney, of Louisville, Ky., will not be permitted to enjoy in peace the $6,000 which has come to him as his reward for capturing Joseph Wendling, alias Henri Jacquemin, the Louisville church janitor accused of having murdered 8-year-old Alma Kellner. Joseph Krimmer of this city has just filed a claim of $3,500 for his services in the case on the ground that it was a postal in his possession that led to the hiding place of the fugitive.

Wendling was traced to San Antonio by Detective Carney early in June. It developed that the man wanted had been working on a ranch near the city, but had made his escape a few days prior to the arrival of the officer. Mr. Krimmer, the manager of the ranch, had in the meantime intercepted a postal from Mrs. Cora Muena of Hume, Mo., and intended for Wendling. This was shown to Detective Carney by Mr. Krimmer, who also claims that he advised the officer to keep in touch with the woman, that appearing to him to be the only source from which further information about the whereabouts of Wendling could be gathered. This the detective did, with the result that ultimately he arrested the fugitive at San Francisco.

MOTHERS WHO HAVE DAUGHTERS

Find Help in Lydia E. Pinkham's Vegetable Compound

Hudson, Ohio.—"If mothers realized the good your remedies would do delicate girls I believe there would be fewer weak and ailing women. Irregular and painful periods and such troubles would be relieved at once in many cases. Lydia E. Pinkham's Vegetable Compound is fine for ailing girls and run-down women. Their delicate organs need a tonic and the Compound gives new ambition and life from the first dose."—Mrs. GEORGE STRICKLER, Hudson, Ohio, R. No. 5, Box 32.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Young Girls, Heed This.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should take immediate action to ward off the serious consequences and be restored to health by Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by its use.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

THE NEWS OF FORT WAYNE'S NEIGHBORS

FOUND NEAR DEATH FROM ESCAPING GAS

Reunion Visitors from Near Kendallville Had Narrow Escape at Warsaw.

Warsaw, Ind., September 15.—A tragedy was narrowly averted and the lives of two persons miraculously spared early Wednesday morning at the home of Mr. and Mrs. W. H. Kingery, when Mr. and Mrs. George Weimer of near Kendallville were discovered nearly asphyxiated in a room filled with escaping gas. Mr. Weimer is a member of the Thirtieth Indiana regiment and his wife came to Warsaw Tuesday to attend the reunion. They were entertained at the Kingery home and returning from the campfire Tuesday evening retired to their room about 11 o'clock. In turning out the electric light, Mr. Weimer accidentally turned on the gas. About 4 o'clock Wednesday morning, Mrs. Kingery was awakened by the sound of some one moaning and went to the door of her guests's room and inquired if some one were ill. Mrs. Weimer asked her to come in and when the door was opened there was a rush of escaping gas. Mrs. Kingery immediately realized the trouble and shut off the gas and opened the windows. When the electric light was turned on, Mr. Weimer was found in one corner of the room lying on the floor in an unconscious condition and breathing heavily. Mrs. Weimer was standing in a dazed condition in another part of the room. Mr. Kingery summoned Dr. McDonald and the victims were taken to another part of the house and restoratives administered. Mr. Weimer was in a very serious condition but responded readily to treatment, and although feeling very ill Wednesday morning was able to visit the physician's office. Mrs. Weimer also suffered from the terrible experience but both were recovered sufficiently to leave for their home at 11 o'clock Wednesday.

DEATH OF PIONEER.

Bluffton, Ind., Sept. 15.—Mrs. Maria Brechbill, aged 70 years, wife of Daniel Brechbill, of Rockcreek township, died at their home yesterday. She had been ill for several weeks, and for the past two weeks her condition was serious. Heart trouble and pneumonia were the cause of her death. Mrs. Breachbill was a member of the Emanuel Reformed church and was active in the church work during her entire life time. She was a pioneer resident of the county and was known and respected widely.

CURED TO STAY CURED

How a Fort Wayne Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—
From urinary disorders—
From any disease of the kidneys,
Be cured to stay cured.
Doan's Kidney Pills make lasting cures.

Fort Wayne people testify.
Here's one case of it:

Jesse Patton, R. F. D. No. 15, Fort Wayne, Ind., says: "For years I was afflicted with kidney complaint. The kidney secretions were highly colored and too frequent in passage. Often when I stooped, everything before me seemed to be whirling. My back ached intensely and I was scarcely able to attend to my work. Nothing helped me in the least until I used Doan's Kidney Pills, procured from Meyer Bros. Co.'s Drug Store. This remedy disposed of my trouble and I was thus convinced of its merits." (Statement given December 3, 1908.)

NO TROUBLE SINCE.

Mr. Patton was interviewed on July 2, 1910, and he said: "The cure Doan's Kidney Pills effected in my case has been permanent. I always deem it a pleasure to give this remedy my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

IN THE STEPS OF BRIDE'S PARENTS

Young People of Montpelier Disregard Parental Objection and Are Married.

Montpelier, Ind., Sept. 15.—In spite of the objection of Frank Hedge, father of the groom, Cecil Hedge, of this city, and Miss Mabel Blake, of Hartford City, left early Wednesday morning for Reading, Mich., where their marriage took place today.

The wedding of Miss Blake and Mr. Hedge was announced some time ago. His father objected, but only on the ground that his son was too young, being but 19, while the bride is but 18. His objections were not very strenuous, however, and the young couple had no trouble in getting away from the city. Young Hedge went to Hartford City, met Miss Blake and the two left for Michigan.

There is a further element of romance in the wedding from the fact that they are taking the same course as did the father and mother of Miss Blake twenty-one years ago. Mr. Hedge and Miss Blake went to Hillsdale, Mich., to get the license, then to Reading, Mich., for the ceremony. They were married there by the same minister who performed the ceremony for her father and mother.

Miss Blake is the daughter of Frank Blake, the well known Hartford City restaurant man. She has a large circle of social acquaintances both there and in this city. Mr. Hedge has been employed in his father's meat market and is known as an excellent young man. On their return they will make their home on Adams street.

SURPRISE AT BLUFFTON

Caused by a Divorce Suit Begun in Fort Wayne Court.

Bluffton, Ind., Sept. 15.—Articles appearing in the Fort Wayne papers, telling of a divorce suit on trial in the circuit court there, in which Mrs. Lelia B. Palmer is seeking a legal separation from Herbert H. Palmer caused complete surprise here, as it was not known to their friends that they had domestic troubles of any kind. Both were former residents of Bluffton. Mrs. Palmer formerly was Miss Lelia Faylor, a daughter of Mr. and Mrs. John Faylor, and Herbert Palmer is a son of Mr. and Mrs. William H. Palmer. The family resided in Bluffton when Mr. Palmer was engaged in the oil business here, but with the decay of the Wells county oil field they left. The Faylor family also moved from this city to Fort Wayne to reside. Herbert Palmer and wife were both very young when they were married, but they appeared always to be deeply devoted to each other. Herbert also followed the oil business and after leaving Bluffton was located for a time in Canada. Later both he and his father went to the western oil fields.

PRICE IS BOOSTED.

Milk at Huntington Goes Up to Seven Cents a Quart.

Huntington, Ind., Sept. 15.—After October 1, milk, which now retails at six cents a quart will be dispensed by local dairymen at seven cents a quart, owing to the rapid advance in the price of feed. The dairymen held a meeting a short time ago and all were in favor of raising the lacteal fluid.

The advance was not wholly unexpected. During the months of July and August little or no rain fell and the hot suns destroyed the pastures, thus compelling the farmers to feed hay and corn to cattle. To this fact the advance in the price of hay, now almost $20 a ton, is partly due, and although the pastures are now freshened they will soon be gone and the keepers of cattle must soon fall back on hay again.

Not for many years has milk been sold in Huntington at five cents a quart, the price which it brings in the small surrounding towns.

GREATER KENDALLVILLE.

Petition for an Addition to the Corporation.

Kendallville, Ind., Sept. 15.—A petition is being circulated asking that a strip of land, thirty-three rods wide and extending from the west to the east corporation limits along the north side of the city, be taken into the city.

Since R. D. Gawthrop has opened up a tract of land at the end of North Main street he has sold twelve of the twenty-eight lots in the tract, and would like to be admitted into the city.

Mr. Gawthrop has built about fourteen hundred feet of cement sidewalk, erected several buildings and made other improvements which has helped to crystalize the sentiment for becoming a part of Kendallville.

HAD HIS EYE REMOVED.

James Slagel, of Andrews Underwent Operation.

Andrews, Ind., Sept. 15.—James Slagel, proprietor of a feed store at Andrews, submitted to an operation at his home Tuesday for the removal of his left eye, the sight of which had been entirely destroyed by disease. Mr. Slagel withstood the ordeal nicely. The operation was made imperative as the other eye was becoming affected through sympathy. Mr. Slagel was stricken with paralysis three weeks ago, but is improving rapidly and it is expected that he will be up and around in a short time.

KILLED BY LIGHTNING.

Decatur, Ind., Sept. 15.—Philip Baker, a prominent farmer residing a few miles west of the city, is the loser of a fine and valuable mare, which was struck by lightning during the electrical storm when it passed over the city Monday night, killing it instantly. The horse was valued at $300. He carried insurance on it in the Preble Insurance company for two hundred dollars, which he will receive for the loss of the animal.

GOVERNOR WILL TURN ON STEAM

Starting the Wheels of the New Million Dollar Sugar Factory at Paulding.

Paulding, O., Sept. 15.—The new million dollar sugar factory just completed by the German American Sugar Co., at Paulding, will be opened with imposing ceremonies, speaking by eminent public men, and other appropriate exercises, on Saturday, October 1st.

Among the prominent men who have been invited to participate and have sent their acceptances are Governor Harmon, Warren G. Harding, republican candidate for governor, Senator Burton and others. The big factory will be ready at the opening and Governor Harmon will turn on the steam which will set the wheels in motion. It will be open to the inspection of the visitors.

All northwestern Ohio is interested in viewing the big factory and the committee on arrangements at Paulding are extending a general invitation to the public of the surrounding country to attend the opening exercises.

PROMISED TO BE GOOD.

Violator of Liquor Law Returns Home and Pays Fine.

Portland, Ind., Sept. 15.—Rather than remain away from home longer with a charge of violating the liquor laws hanging over him and knowing positively that when he did return he would be arrested, Frank Burroughs, a former saloonkeeper at Dunkirk, returned to that place Tuesday and was immediately taken in charge by Marshal Timothy Sullivan. When arraigned before Mayor M. H. Hart on a "blind tiger" charge Burroughs entered a plea of guilty to the offense and was fined $50 and costs and sentenced to sixty days in the county jail. Following the payment of the fine assessed against him and his promise to be good in the future the sixty days jail sentence was suspended against Burroughs.

Baldheaded Men

Ignorance of the Hair Causes Much Baldness Among Men.

Early piety doesn't cause baldness, neither does any kind of piety. Some baldheaded men console themselves with the idea that baldness is caused by a superabundance of gray brain matter, and would have the world believe that a bald head is a sign of great intellect.

Such, however, is not the case. Ninety-nine times in one hundred, baldness is caused by dandruff germs which dig down deep into the roots of the hair, destroy its vitality and cause it to fall out.

All this may come gradually and take time, but as an up-to-date humorist would say, "What's time to a dandruff germ?"

If you have dandruff, the little invisible, persistent devils called dandruff germs are at work. Destroy them at once, or sooner or later they will cause your hair to fall out and you will be compelled to take your place in the baldheaded class.

In France baldheads are few because men understand how to care for the hair. Parisian Sage is a hair grower and invigorator that is guaranteed by Meyer Bros. Co. to grow hair if the root is not already destroyed, to eradicate dandruff, stop itching scalp and falling hair, or money back.

50 cents for a large bottle at Meyer Bros. Co., and druggists everywhere on money back plan.

Ask for Parisian Sage; the girl with the Auburn hair is on every package.

Children Need This Hair Tonic

You cannot get away from the fact that a child's hair collects more or less foreign matter, and that it is usually neglected.

When the scalp and hair become moistened from perspiration this foreign matter mixes in with the dandruff and soon forms in layers. This will close up the tiny pores of the scalp and rob the roots of the hair of proper nourishment. More than that, bacterial action will result in scalp disease.

NYAL'S HIRSUTONE

should be used once or twice a week for a few weeks, the scalp thoroughly cleansed, dandruff removed and all germ life destroyed.

The general health of the child will be protected by the consistent use of this hair tonic and food.

Ask the Nyal Druggists.

LAKESIDE RESIDENTS TO HOLD MEETING FRIDAY EVENING.

The Lakeside Improvement association will hold a meeting Friday evening at 7:30 at the Lakeside school building. The purpose of the meeting is to discuss the St. Joe river bridge, the sidewalks on Columbia street bridge, the dyke concrete retaining wall and other matters pertaining to the betterment of Lakeside in general. Everybody interested in that part of the city is invited to be present.

Freckle-Face

If the Summer Brought Out Unsightly Spots, You Can Remove Them Easily.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?

Simply get an ounce of othine, double strength, from Meyer Brothers Co., and one night's treatment will show you how easy it is to rid yourself of freckles and get a beautiful complexion.

Now that the summer has brought its crop of freckles to most women, there is an unusual demand for Othine and in September the druggist sometimes find it difficult to get sufficient to supply all calls. Be sure to ask for the double strength Othine, as it is sold under guarantee of money back if it fails to remove the freckles.

Crippled Teams Put Up a Sizzling Game as a Rule

Harder to Beat Ordinarily Than the Regular Line Up According to the History of Game.

Taken as a general rule a minor league team that is crippled and playing its men out of position is harder to beat than the same club with its regulars on their daily jobs. This would not hold good for a long series of games, but where accidents disable players and make quick shifts necessary it is generally the case that the disabled team plays hustling base ball.

There are two reasons for this. The men playing out of position are doing their level best to make good and the regulars are keenly alert because of the absence of their daily playing partners.

Zanesville shifted Kenworthy, who pitched the opening game of the series, to left field because Baggan has a bad knee. Hugo Swartling was out on account of illness and Mickey O'Brien was playing his place and Hargrove, who has never been considered fast enough for the Central league under ordinary conditions, was behind the bat and with all these handicaps and Walter Miller on the firing line Roy Montgomery and his hustling Potters put over a snappy victory on our noble second placers in the Wednesday matinee.

The first run made by the visitors should never have been scored. Joe Connolly hit a drive down near first base and Dal Gainer started after it, changed his mind and went back to the bag instead of sticking on the job and letting Miller cover first. This gave Connolly a life and he worked his way around, scoring when an attempt was made to cut Montgomery down at second when he stole with two down.

Lemon had a sore finger but was forced in by Bill Bailey's illness. He should never have attempted with this handicap to land the third out with a throw to second. The fact that so many bases were stolen on him during the game is due to this finger, which was mashed in the game Sunday.

Blount blundered in his base running in the first inning and lost a run. He stopped half way between second and third to see if McDermott's hit would be caught. If it had been there was no chance for him to get home, but the little slowing up got him out down at the plate. Gainer was also nailed at the plate on a foolish attempt to score when Manda hit a ball to the pitcher. There was only one down at the time and he still had a chance in a hit.

In the third Connolly scratched a hit between first and second and Kenworthy advanced him with a bunt, Crowder popped to third and Montgomery hit over second. Donahue made a grand stop of the ball and held Connolly at third. Montgomery went to second and while the throw was being made to get him Connolly scored.

Bill Hillinger opened the sixth with a hit and Joe Herold sent him up with a bunt. He took third when O'Brien beat a slow infield grounder and scored on Prysock's single. O'Brien, who had stolen second, went to third on the hit and Hargrove delivered a bunt that scored him on a squeeze play.

NOTES OF THE GAME.

Lee Lemon started to talk back to patrons in the grand stand and Jimmy Burke called him.

Manda featured the game with a catch of Hargrove's grounder in the fourth on which he doubled O'Brien. He came in fast and took the ball off the top of the grass.

Prysock stuck out his glove in the fifth and stabbed a ball for Donahue that was going a mile in nothing. He doubled Manda at first on the play.

The crowd got after Lemon a little bit. His injured finger pained him like sixty every time he let loose of a ball and this interfered with his throwing.

Gainer had his head up all the time. With one down in the ninth and the infield flat-footed he delivered a bunt that was not anticipated and got a hit.

Justice had a field day. He handled nine chances in good style and hit twice.

Young got three hits in the last Wheeling game Sunday and has not had one since.

IN THE SPOTLIGHT

Dolly Stark hit for Brooklyn and got one of the seven taken off Caspar. Bob Bescher got two hits and stole three bases in the game and George Paskert stole a base.

Pittsburg hit Drucke six times and scored two runs, but Becker, a former Pirate playing center for the Giants practically beat his former team mates by scoring two runs.

Owen was batted out of the box by Denver and Jack Hendricks' team won a game from Des Moines.

Edgar Doty, formerly of Zanesville, pitched for Kalamazoo against Lansing and allowed three hits and got a shut-out.

Eddie Summers was sent in by Detroit after five runs had been scored in the seventh and two were on with nobody gone. He checked the rally and saved the game, beating Cleveland.

Bob Ewing held the Cubs to five hits and a shut-out in the first game of the double bill at Philadelphia. Reulbach was knocked out of the box. In the second game the Cubs routed Moren and won handily.

Bade Myers' Quincy team on which "Pep" Clark, "Skeeter" Hartman and Bill Donahue, all old Central leaguers, are playing, beat Burlington and won the pennant.

Lange had gilt-edge support in the field and with the stick in his game against the Browns and the White Sox won handily, knocking Hall out of the box while they were doing it.

Fred Cook, pitching for Columbus in the fight with Toledo for second place in the A. A., gave five passes and all figured in the runs, but his team beat the Hens.

Richter had his game won for Louisville until the ninth when Indianapolis rallied.

Pitcher Leroy was knocked out of the box by Milwaukee in the fifth and St. Paul went down.

Sage was hit hard by Minneapolis while Powell held Kansas City to four safe drives.

LATE START FOR BALL SERIES.

Chairman Herrmann Thinks First Game Will be October 16.

Cincinnati, O., Sept. 15.—Chairman Herrmann of the national commission said today he had practically given up hope of seeing the world's series begin before October 16, the day after the St. Louis Cardinals and Chicago Cubs are scheduled to play the last game of the season.

Two weeks have passed since the national commission instructed President Lynch to meet with President Murphy of the Cubs and President Robison of the Cardinals, and attempt to induce them to arrange their schedule so that the world's series could be started a week earlier. Lynch has made absolutely no progress, and as several games which were to have been played by the Cubs and Cardinals have been postponed on account of bad weather since that time, there is hardly a chance of an arrangement being made which will permit the Cubs and Athletics to clash at an earlier date than the present schedule will permit.

"I think it is a shame that Murphy and Robison cannot reach an agreement in regard to this matter," said Herrmann.

"If Robison and Murphy had been willing this matter could have been arranged at the time the magnates met here to draft players. If no change is made the American league champions will have to rest for nearly a week before a game for the world's championship is played. I don't think that would be fair to the fans, and I am certain the American league team will consider it a hardship."

New Zealand has about the lowest death rate in the world.

Three of Mack's Reliances in World Series With Cubs

Bender, the Indian twirler, who is counted as an important factor in the series between the Athletics and Cubs, if those teams play, which now seems certain, is one of Mack's veterans, and, incidentally, one of the stars of the league. After having made a great name for himself he fell ill a year or so ago, and for some time was by no means the Bender of old. But he demonstrated thoroughly the fallacy of the theory that they "can't come back," for he came back with a vengeance and has been doing fine work since. His records this year and last are excellent.

Krause was the real "phenom" as a pitcher in the American league last year. Mack picked him up and gave him a job, just as he does many an ambitious player, but his real worth was not discovered until the actual season began. Then Krause literally "pitched in", and proceeded to show the heavy sluggers of the American league that their batting ability wasn't infallible after all.

Plank, who will be one of the mainstays in the box for the Athletics in the world series, is another of the veterans of the Quaker club. Joining the team after graduating from Gettysburg college, he "made good" in his first year and was something of a revelation as to what a green youngster could do. The victories that his splendid pitching arm has brought to the Athletics run into the hundreds. "Connie" Mack regards him as one of his steadiest twirlers, and is placing great reliance on him for the forthcoming series.

TEAMS ON LAST LAP AND NO CHANGE LIKELY

Central League Season Passing Into Base Ball History

With Fort Wayne playing at Zanesville, Dayton at Wheeling, Evansville at South Bend and Terre Haute at Grand Rapids, the Central league teams will start tomorrow on the last lap of the race, which will close next Wednesday with the clubs in practically the same positions they now occupy.

If South Bend should lose the remaining six games and Fort Wayne should win the seven it has still to play, the standing at the end of the season would be:

	W.	L.	Pct.
South Bend	83	54	.606
Fort Wayne	82	59	.599

Fort Wayne has won only seventy-five games as the two thrown out under the rules which do not allow transfers without the unanimous consent, cannot legally be counted.

In event Fort Wayne should drop seven games and Dayton should win as many, which is not the least bit probable, Jimmy Burke and his followers would lose second place by the following figures:

	W.	L.	Pct.
Dayton	77	61	.558
Fort Wayne	75	62	.547

Evansville is so well entrenched in fourth place that there is little chance for Terre Haute to reach the tail end of the first division. Both teams will be playing on the road for the last six games. Zanesville stands a chance to nip sixth place, as the club will finish the game at home and is playing good ball in spite of the fact that it is crippled.

South Bend and Terre Haute advanced a game yesterday and split a double header. By winning the second game South Bend clamped the pennant beyond all doubt and can now lose every game and still lead the league for the first time in the history of the Central. Terre Haute hit Ed Smith hard in the first game and Dave Martin was tight in the second, which went seven innings and in which he was hit only three times safely.

Wheeling helped Fort Wayne by taking a victory over Dayton. Jimmy Wacker was hit oftener than Humphries and in addition he had miserable support from his infield, each member of which, including the catcher, injected an error into the proceedings.

At Evansville Pat Millerick reached that short left field fence in the ninth inning and tied the score for Grand Rapids. In the eleventh a base on balls, a double and a single scored the winning run for Grant's men.

BOWLERS ALL INVITED.

It Is Desired That They Take Part In Election Friday.

As it is intended by William McKay that all of the bowlers in the city have a voice in the selection of officers for the two big Brunswick leagues he wants them to be present at the meeting tomorrow night when the organizations will be formed.

In addition to the election of officers there will be some changes proposed in the rules and as many as can be at the gathering are urged to go so that the matters can be passed upon by the men who will bowl during the season.

Alaska's gold output last year, according to geological survey figures, was worth $20,453,000, the largest yield since 1906, the record year.

BASEBALL CHANGES AT ZANESVILLE IN 1911

Present Directors Will Not Be at Head of the Organization.

Baseball changes at Zanesville that will put the control and ownership of the club under one head are probable at Zanesville next season and the city is counting on remaining in the Central league in 1911.

This has been given publicity by the Zanesville papers without divulging the name of the man who wants to take a flyer in the national pastime next year and Secretary T. M. Lynn, who is here with the club, said that while there is some ground for the story he did not care to discuss it. He did say, however, that there is no good reason for crowding Zanesville out of the organization as this is the first year since it joined the league that it has been lower than third in point of attendance.

Minor league baseball with stock company ownership and most everybody in the cities where it has been attempted interested in the club, has proven a failure. Evansville tried it, South Bend had a big stock company and did not succeed. Terre Haute was in the same boat and Zanesville has suffered from this sort of an arrangement and this probably prompted the movement toward a change.

Rivalry is an absolute essential and when South Bend casts up its accounts this season with a balance on the right side it will owe this in a great measure to the fight with Fort Wayne for first place. Fort Wayne has profited largely by the fact that there was a warm fight with the Bronchos which revived a feeling that has existed for several years, but it seems a difficult matter to instill this sentiment in any of the other cities.

Zanesville and Dayton are both Ohio cities and ought to be rivals, but the Dayton people regard the Potter village as too small in the matter of population to be considered in this light and neither of them can expect to draw any people on this ground. Terre Haute and Evansville are located properly for rivalry, but for some reason or other it is not present in a sufficient degree to swell the gate receipts of either club.

Grand Rapids has no rival and neither has Wheeling and attendance suffers in consequence. There is no city that Zanesville can expect a hot fight with and this will militate against it if it sticks in the Central league in 1911. However, a change by which all the interests will be crystallized is bound to be better for the club and the directors around the circuit will undoubtedly welcome it.

LOOKS LIKE BURKE FOR LOCALS.

Louisville, Sept. 15.—A telegram from Owner Grayson of the Louisville baseball club announces the acquisition of Timothy Jordan, the veteran first baseman of the Brooklyn team. It is believed here that Jordan will be the manager next year.

Mrs. Jacob Wilmert, Lincoln, Ill., found her way back to perfect health. She writes: "I suffered with kidney trouble and backache and my appetite was very poor at times. A few weeks ago I got Foley's Kidney Pills and gave them a fair trial. They gave me great relief, so continued till now I am again in perfect health." Dreier Bros.

CARS TO ROBISON PARK

Until further notice cars to Robison Park will run hourly, commencing 6:30 a. m. Last car leaves transfer corner at 6:30 p. m., leaving Robison Park at 7 p. m.

WHEELING WANTS A SWITCH OF THE GAMES

Proposes to Play Fort Wayne on the Dayton Grounds.

A movement has been started at Dayton which will probably bring about a novel plan of finishing the season and which will give the Vet fans a chance to see Fort Wayne and the Stogies do battle if it is carried out.

Announcement is made that the games scheduled with Dayton at Wheeling Friday, Saturday and Sunday will be transferred to the Dayton park and that instead of going home for the three final games of the year with the Burkies the Stogies will remain in Dayton and play Fort Wayne there.

This does not look like a bad scheme and in any event will likely save some railroad fare as the clubs would certainly draw the guarantee which is all that could be expected at Wheeling.

Nothing has been said to Manager Burke about the transfer but he would not object to it. It means the saving for Fort Wayne of the fare from Zanesville to Wheeling, a sleeper ride back to Fort Wayne and this would run up to several hundred dollars.

If the proposition has been put up to Owner Claude Varnell he has not advised his manager of the fact. It will be the first time in the history of the Central leagues that two teams have met on neutral grounds and it might prove an attraction.

Sporting News in Tablets

Fenn Wonsettler, who pitched here against the Shamrocks, has been suspended by the Marion team.

Among the late drafts announced by the national commission is that of Eddie Brennan from the Terre Haute team by Cleveland.

Charlie Pinkney was killed by a blow from one of Casey Hagerman's fast shoots in a game at Dayton one year ago yesterday.

A big parade like the usual opening day stunt is one of the features proposed for booster day at Zanesville Saturday when Fort Wayne plays there.

Umpire Murray, who has been out of harness for several days on account of a threatened attack of blood poison, is back again and worked at Evansville yesterday.

Dr. F. R. Carson, president of the Central league, says that the strain is telling on his umpires and for that reason their work is not up to the standard shown in the middle of the season.

Benny Jewell and Cy Clyde were chums when they were on the Wheeling team and the Longbottom pitcher prided himself on the fact that he knew his pal's weaknesses. He didn't, however, as Jewell got four hits off Cy in the game at Dayton Tuesday.

Christie Mathewson, the Giants' star twirler, has another record to his credit. During Tuesday's game with Pittsburg Babe Adams, the Pirates' twirler, struck at a ball that was bouncing. The ball struck Catcher Meyers on the foot and bounded in the air. It was the third strike. Matty grabbed the ball and threw Adams out at first. It was the first time that a pitcher got an assist on a strike-out.

Jiggs Donahue, former first baseman of the Chicago White Sox, has gone into business at Hot Springs, Ark. Donahue has purchased a bowling alley and athletic resort. "I have given up baseball in so far as playing the game is concerned," said Jiggs. Donahue asked about the probability of a team being placed in Little Rock next year, representing the Southern league, and said that if the Arkansas capital was reinstated in the Southern he would be an applicant for a managerial berth.

Evansville Courier: Larry Lejeune has one ambition and that is to make the longest throw in history and as a result he will probably accept the invitation that was extended him yesterday and participate in the field day exercises that are to be held at Cincinnati on October 9, when the stars of the big leagues will compete and try to set new records for circling bases, throwing and batting. Lejeune holds the record for men now participating in league ball, but is just a few inches shy of the other official mark, set by John Hatfield at Brooklyn, October 15, 1872. Lejeune made his record throw at Cincinnati, September 11, 1907, and threw the ball for 399 feet 10¾ inches. Hatfield's throw went 400 feet 7½ inches, just 8¾ inches further than Lejeune's.

BRADLEY MAY PILOT POTTERS NEXT SEASON

Movement on Foot to Make Zanesville a Red Farm.

(Zanesville Times-Recorder.)

Bill Bradley, the former Cleveland third baseman and for many years known as one of the best infielders in the country may be found at the head of the Zanesville team next season. While nothing definite has transpired, yet it is known that Bradley would readily consider an offer to head the local squad.

"Bert Annis tried to land him for the Grand Rapids team earlier in the season, but Bradley is anxious to become interested financially in a minor league team and in his quest for such property has not been overlooking the local franchise.

"Two teams in the O.-P. league have tendered him offers, but he is not strong for the smaller fry. He thinks the Central would hit him just about right, and so do many of the local fans. Since the Naps have given the veteran his unconditional release reports were sent out that he had signed with Cincinnati. The terms offered by the Reds did not suit Bradley and he is still a free agent. He is also "in heavy" with Cincinnati parties that would not be adverse to taking over the local club, and probably making the city a farm for the Red players. Such a change would benefit the city, baseballically speaking, and there would be no need for the purchasing of many players during the season of 1911."

While no deal has been completed it is a fact that the franchise has been offered to Cincinnati and a fast team with plenty of money behind it may be put in next year.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of KNOWN COMPOSITION and with a record of *40 years of cures*. Accept no substitute—there is nothing "just as good." Ask your neighbors.

Pelvic Diseases CURED

MY MODERN and up-to-date methods effect a certain and speedy cure of CHRONIC, DEEP SEATED, COMPLICATED DISORDERS. My fees are reasonable within reach of all. I confine my practice to NERVOUSNESS, BLOOD AND SKIN DISORDERS, RHEUMATISM, DESPONDENCY and PELVIC DISEASES generally.

No Physician is Greater Than His Remedies

My Blood making, Blood Purifying, Blood Cell Remedies have won for themselves a place in the hearts of thousands of men who owe their strength to the existence of these remedies. Men recommend my remedies because their merit has become an established factor in their own life. Afflicted sufferers may consult me in confidence.

The Scientific Treatment for the Weak

Men who are on the decline, and there are hundreds of them, who find they have not the Ambition, Vigor and Strength that they well know they should have, owe it to themselves to take prompt steps to relieve a condition which ultimately leads to misery and helplessness. Although you may think your condition is not serious enough to demand the attention of an expert, still so surely as you neglect yourself, the disease, which truly is a disease of Vital Nerves and Forces, becomes more and more complicated every day, every week it remains without attention, until in time it makes its victim a complete Nervous and Vital wreck.

The Many Cured, Satisfied Patients

My Pelvic Methods are your greatest hope for a complete cure if you are afflicted with either BLOOD POISON, SKIN DISEASES, SORES, ULCERS, STRICTURE, VARICOCELE, HYDROCELE, NERVOUS DECLINE, PILES, FISTULA, RUPTURE, or any affection of the Kidneys, Bladder and Prostrate. You are wasting money and endangering your health in treating with ordinary specialists. My system of treatment has an established reliability by permanently curing cases that have been unsuccessfully treated by dozens of other physicians.

Many Will Profit by What Others Say of My Methods.

This advertisement is not published with the intention of encouraging incurables, but on the strength of what my methods have done, I can give hope to those who are actually in reach of the methods of a proven specialist. Remember, I do not claim to never fail in a cure, for my methods may sometimes fail to give satisfaction in severe cases, and this is why I advertise to refund money if unsuccessful. I do not believe a man should pay for something unless he gets it, and my success has been such that I can well afford to treat for nothing those that do not receive that which is worth something. Every afflicted man is welcome to visit my office and undergo an examination. If you are not one of the incurable unfortunates who would be refused treatment and contract for a cure, you will stand the same chance as those healthy happy men who were afflicted as you are.

Methods of Scientific Exactness

The methods of treatment I employ are entirely different from those of any other specialist, so beware of any one who may tell you he is able to give you the same treatment that is administered by me. This treatment I administer in all conditions of Failing Vitality, Nervo-Vital Decline, is so effective that in a short time after the course is begun the patient sees and feels the disease is being conquered. The vital system is to a man what water is to a plant; without its function he finds a lack of energy, ambition and failing memory. I would like to have every man who reads this announcement, who feels and knows that his vigor is not what it should be, to come to my office and INVESTIGATE what remarkable and quick, permanent results I have accomplished for patients who have heretofore almost lost hope.

My records substantiate my claim that nine-tenths of my patients are people who had been unsuccessfully treated time and time again without permanent benefits. I want nothing to do with unreasonably skeptical suffering men who are too ignorant to accept facts for facts; who believe there is NO CURE FOR THEM because they have once, twice or a dozen times been deceived in taking treatments. But I heartily desire to secure the confidence of those who are willing to make one more attempt, especially men who are contemplating their first treatment with a specialist, and I offer unmistakable evidence that my methods are all that is claimed for them—effective and superior to others.

Hours—9 to 12; 1 to 5; evenings, 7 to 8; Sundays, 9 to 12 only.

No where is accuracy more essential than in the treatment of Pelvic Diseases. The difference between a complete cure and an absolute failure is often the difference between accuracy and guess work. First there must be accurate knowledge as to the nature of the ailment to be treated. Accurate knowledge makes accurate diagnosis possible, thus revealing all the requirements for accurate treatment, and complete satisfaction. I have nearly fifteen years of experience in this work.

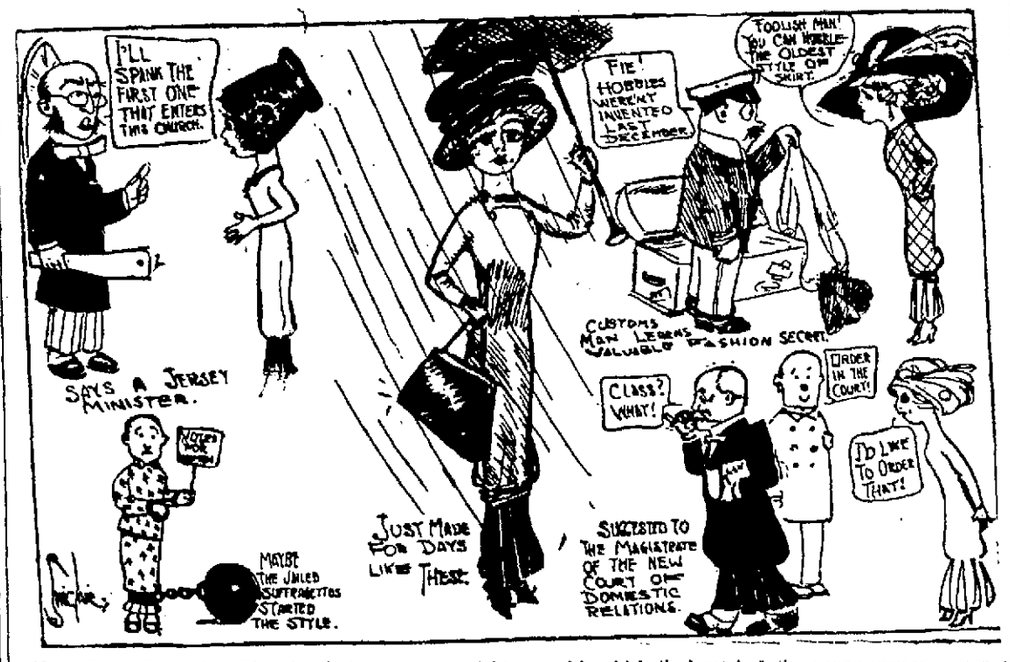
BAR HOBBLE SKIRTS AT CHURCH; CUSTOMS MEN SEE A HOBBLING

Minister Suggests a Spanking for Woman Who Cannot Pray in Comic Opera Rig—Home Comer Shows How to Raise—a Hem—Cape Flatiron Will Be Deserted if the Hobbling Craze is Not Abated.



I'LL SPANK THE FIRST ONE THAT ENTERS THIS CHURCH.
SAYS A JERSEY MINISTER.
VOTES FOR WOMEN
MAYBE THE JAILED SUFFRAGETTES STARTED THE STYLE.
FIE! HOBBLES WERENT INVENTED LAST DECEMBER
TOOLISH MAN! YOU CAN HOBBLE THE OLDEST STYLE OUR SKIRT.
CUSTOMS MAN LEARNS VALUABLE FASHION SECRET.
JUST MADE FOR DAYS LIKE THESE.
CLASS? WHAT?
ORDER IN THE COURT!
I'D LIKE TO ORDER THAT!
SUGGESTED TO THE MAGISTRATE OF THE NEW COURT OF DOMESTIC RELATIONS.

New York, Sept. 15.—This is the kind of weather that breeds hobble skirts. Woman has always needed three arms, one to hold her parasol, her handbag, purse, vanity box, smelling salter, complexion outfit and other chained junk, another to take her escort's elbow or little Johnnie's hand or the street car handle grip and third to hold her skirts. So the hobble was invented to hold the skirts tightly against the female form divine when winds and rain conspire to annoy.

As a result the hobble skirt has been hobbling into the news with great enthusiasm lately. Anything so close to the great American public—or at least, so close to the feminine sex—is of interest.

Hence great excitement when a minister in Groverville, N. J., announced that no woman attired in this comic opera outfit can enter his church doors. No hopping up the aisle allowed by the pastor. He adds that any woman who makes it impossible to use her knees for praying by tying them together ought to be spanked. Any attempt to bring a shingle or a slipper violently against a hobble skirt would be rather dangerous, considering the tightness with which the garment is draped.

Hobbling to the next platform we find a young woman instructing a customs house inspector on the mysteries of constructing a hobble skirt out of any old potato bag found around the house. Miss Josephine Maloney, of Jamaica Plains, Mass., arrived in New York with trunks containing among other things five gowns with hobble skirts. Deputy Surveyor Norwood wanted to know why they were not declared.

When Miss Maloney insisted that they were purchased in this country the deputy surveyor asked her when she went away and she replied last December. Of course, being a keen student of the fashion pages Mr. Norwood raised a sceptical eyebrow and observed that hobble skirts weren't in fashion here last December.

"You don't understand women's clothing at all," announced Miss Maloney. "It is very easy to draw up the hem of the most old-fashioned skirt and hobble it, so to speak."

Norwood could hardly draw a "hem" or a "haw" as he stood petrified and watched the young woman swear off her hobble skirts.

Erratum.—This did not happen in New York, but in Hoboken, one of the hobble outskirts of New York.

Meanwhile we read that that Russian dancer who appears in something that looks like a nightie, only not so complete, has been snubbed at Newport. Maybe if she hobbled her robe de nuit—but not before the Missouri delegation has had a look.

Another news item announces that theatrical managers are complaining of a dearth of chorus girls. Isn't it possible that they can be found at the modistes, practicing walking with their knees tied together?

Even racing in this state has been hobbled, but there is no truth in the rumor that the magistrates sitting in the new court of domestic relations are going to have the skirts of their gowns hemmed in around the knees.

If the hobble skirt craze keeps up it is likely that Cape Flatiron will be a deserted cross-roads during the windy weather. And then what will they do—the girls who put by a pair of silk ones for a rainy day?

FORESEES INTENT TO WHITEWASH MR. BALLINGER

Democrat on Investigating Committee Replies to Nelson.

Springfield, Ill., Sept. 15.—Congressman James M. Graham, democratic member of the Ballinger-Pinchot investigating committee, who wrote the 36,000 word report adopted by the four democratic members at the Minneapolis meeting of the committee, has answered the criticisms voiced by the republican members of the committee who met in Chicago and who are reported as having charged the democrats had played politics.

After reviewing the events incident to the adjournment of the committee Congressman Graham says:

"Their action at Chicago yesterday makes the matter clear. The reports of Mr. Madison and the democrats were on file and in their possession for four days, giving ample time for pointing out to the public any error or defects that might be in them. Instead of seizing their opportunity and giving the public their views they content themselves by calling names, which little indulgence really hurts nobody and possibly relieves them.

Delay a Political Necessity?

"To us it appears ten weeks was time enough to study the evidence and reach a conclusion on it, and their position seems inexplicable unless it be credited to political exigency.

"If Mr. Ballinger is innocent and has been unjustly assailed, how utterly cruel and inhuman it is to withhold his vindication. On the other hand, if he has been an unfaithful public servant, can it be wrong to let the public know about it?

"The gentlemen who met in Chicago cannot succeed in playing ostrich any better than the bird itself does. Their heads may be in hiding, but their bodies are entirely visible, but no more so than their purpose. Their attempt to place the blame on others than themselves cannot succeed. The very purpose of the committee in meeting at Minneapolis was to make a report. It was their duty to carry out that purpose and it would have been a misfortune and a wrong if the purpose had been defeated by the voluntary, if not intentional, absence of some of the members."

Ollie James Also Talks.

Louisville, Ky., Sept. 15.—Congressman Ollie James, one of the democratic members of the Ballinger investigating committee, last night made the following statement in reply to the statement issued by the republican members of the committee in Chicago yesterday:

"The statement issued by Senator Nelson and his colleagues in Chicago yesterday is only positive proof of what we saw demonstrated in Minneapolis, and that is that the republican members of the committee did not desire to make a report upon the Ballinger case until after the elections. Their attempt to prevent a report was made successfully by breaking the quorum.

"The rest of us were there, five of us, were there ready to do business. We adjourned five days waiting for the others. We had a duty to perform and we performed it."

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

J. E. Stults will leave tomorrow for Fort Wayne, where he will complete a course of medicine, says the Huntington Herald.

Messrs. Charles L. and Frank Olds will establish a real estate agency here. The young men are enterprising and full of life.

Herman Gerber and Tracy Brandley, John S. McComb and Amelia N. Jackson, Harry Eckels and Miss Lena B. Hoffman have been licensed to wed.

R. T. McDonald says he has contracted to light New Orleans with the Jenney electric light. He will have the plant made here at a cost of $150,000.

County Superintendent Felts recently held an examination at the M. E. college. One of his questions was: "What is the population of Fort Wayne?" He tells us he was answered all the way from 3,200 to 40,000.

Judge Sinclair keeps "tab" on his cuffs when cases are set down for trial, and when cases are set ten days or two weeks ahead he finds some difficulty in reading his memoranda, as his coat sleeve nearly rubs the writing out.

The Lone Star Fishing club, composed of E. G. Anderson, Harry Polhamus, George Anderson, C. Cothrell, Harry Waterman and Ed Evans, went north this morning. Col. F. F. Bolte and E. W. Cook will follow them. Mr. Cook represents The Sentinel.

Col. J. H. Simonson, manager of the Masonic Temple, has an excellent list of attractions booked at his house for the season, including Joseph Jefferson, Lotta McNish, Johnson & Slavin's minstrels, Sol Smith Russell, Joe Murphy, W. J. Scanlan, J. K. Emmett, Annie Pixley, Mr. and Mrs. W. J. Florence and John T. Raymond.

The Order of Railroad Conductors, a very intelligent and genteel body of men who have worked their way up, met last night and elected the following officers: W. P. Sheehan, chief conductor; J. C. Craig, assistant chief conductor; Ed Erickson, secretary and treasurer; William Anderson, senior conductor; O. R. Cantwell, junior conductor; M. O. Ginty, inside sentinel; James Breen, outside sentinel; W. Edgar Lipsett, (dear boy,) corresponding secretary.

Baby's Voice

Every woman's heart thrills at the cooing and prattling of a baby, and motherhood is her highest and purest joy. Yet the suffering incident to this great consummation of her life's desire, robs the anticipation of some of its sweetness. Most of this can be avoided by the use of Mother's Friend. This great remedy prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. Mother's Friend assists nature in gradually expanding all tissues, muscles and tendons, it strengthens the ligaments, keeps the breasts in good condition, and brings the woman to the crisis in healthful physical condition. The regular use of Mother's Friend lessens the pain when baby comes, and assures a quick and natural recovery for the mother. For sale at drug stores. Write for free book for expectant mothers.

BRADFIELD REGULATOR CO., Atlanta, Ga.

Mother's Friend

A Reliable Medicine—NOT A NARCOTIC.

Mrs. F. Martl, St. Joe, Mich., says Foley's Honey and Tar saved her little boy's life. She writes: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar has many times saved us much trouble and we are never without it in the house." MILLINERY OPENING

Thursday afternoon and evening, Sept. 15.

ANNA LARIMORE,

14-2t 1611 Wells St.

ON HALF-DAY SESSION.

Beginners at Hamilton School Cannot Otherwise Be Accommodated.

Owing to the heavy congestion of the pupils at the Hamilton school, the beginners at that place have been placed, temporarily at least, on a half-day school session. One of the beginners' sections meets in the morning and the other in the afternoon. This plan will be continued until room is found for the overflow of pupils.

The Helton avenue and the Bloomingdale schools are also heavily crowded and Superintendent Study is busy studying the problem of handling the situation. Until the two new schools now under course of construction are ready for occupancy, the efficiency of the local school system is badly impaired. The school authorities are urging the contractors to use all possible haste in completing the buildings.

All the buildings of the city are very comfortably filled, emphasizing the necessity of another new school building within a short time. The congestion in some of the schools this year is just a little bit worse than ever before, but everything possible is being done to make the pupils comfortable.

CASTORIA

for Infants and Children.

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles and cures Constipation. It regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Danderine

GROWS HAIR and we can

PROVE IT!

A lady from Minnesota writes: "As a result of using Danderine, my hair is close to five feet in length."

Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, **the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.**

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions.)

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

It penetrates the pores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.

NOW at all druggists in three sizes, 25c, 50c and $1.00 per bottle.

Cut This Out

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c in silver or stamps to pay postage.

TAKEN FOR $173,000 THEFT FROM THE TREASURY

Former Teller Fitzgerald Battles With Officers at Chicago.

Chicago, Sept. 15.—George W. Fitzgerald, former assorting teller in the United States subtreasury in Chicago, was arrested by federal authorities yesterday afternoon on an indictment charging him with the theft of $173,000 from the subtreasury in 1907. The indictment was voted on Feb. 17, 1910, three days prior to Feb. 20, the statutory limit for legal action for the theft.

Warrants were served on Fitgerald at his office, 159 La Salle street, and he was taken to the office of United States Marshall Luman T. Hoy in the federal building and held in custody. Two hours after his arrest he was arraigned before Judge Kenesaw M. Landis in court chambers. Bail was fixed at $50,000 and in default of it Fitzgerald was committed to the county jail.

Conviction on the indictment allows a penitentiary sentence not greater than ten years or a fine of $173,000, or both.

Arrest is Sensational.

Circumstances surroundig the arrest of Fitgerald took on the same sensational character which has marked throughout the history of one of the most remarkable thefts with which the federal treasury and secret service departments ever have had to deal.

The announcement that an indictment had been voted against Fitzgerald as far back as February of this year came as a surprise to Fitzgerald himself, to the public in general, and to those who for the last three years have been interested in the subtreasury robbery, even including federal officials who have not been directly connected with recent developments. The public had been led to believe that the statute of limitation had checked the government's investigation. And Fitzgerald's suspicions that Uncle Sam was watching him were allayed in this manner.

Find Him at His Office.

The order for the arrest was issued from the district attorney's office about 3 o'clock. Deputy United States Marshals Walter T. Wainwright and J. T. Buckner were sent out to arrest Fitgerald at his business headquarters on the fourth floor of the National Life building. When they entered the offices in which Fitzgerald has desk room and announced the purpose of their visit, the latter showed traces of the ugly mood which later led him to put up a struggle in the marshal's office in the federal building.

Wainwright exhibited the warrant and requested Fitzgerald to put on his hat and coat and go with him peaceably to the federal building without being handcuffed.

"I don't know whether that warrant is good or not," declared Fitzgerald. "I don't know anything about the sections which are given in it, and if it's the old case, I don't think it is worth the paper it's written on. Let me see it."

Teller Taken to Federal Building.

"You may read it, but I don't want you to try to tear it up," responded the marshal, handing over the document for inspection. "It's good as far as I'm concerned, and you are going over to the marshal's office with us. We would like to have you go peaceably, but go you must."

Still demurring, Fitzgerald accompanied the marshal to the federal building and to the marshal's office on the eighth floor. Then Wainwright stepped up close and made a move to search Fitzgerald's coat pockets.

"You ain't going to search me and nobody else is, either," Fitzgerald declared, wrenching free. "Nobody is going through my clothes until I know what is wanted."

"You are under arrest and we're going to search you just the same as we search everybody else that comes up here," declared Wainwright, stepping forward. Fitzgerald leaped at the marshal and got in a body blow. Before he could land again, Marshal Buckner jumped into the fray and planted a blow on the former teller's neck. Then a general melee ensued, which was joined in by a couple of other attaches of the marshal's office. Finally Fitzgerald was thrown down, handcuffed, searched, and put in a cell in the inner office.

In Fitzgerld's inner coat pocket was found a bundle of papers. Wainwright hurried into District Attorney Sims' office and turned over the finding to Mr. Sims and secret service agent, Marshal Eberstein. Together they looked over the papers, but both declined to say later what they were, or what bearing they had on the case.

The indictment charges Fitzgerald with the theft of a package of paper money from the subtreasury on Feb. 19, 1907. One hundred bills were contained in the package of the various denominations, $10,000, $5,000 and $1,000. The indictment was based on reports made to the treasury department by special agents who for the last ten months have been at work tracing the disposal of these bills.

Says He Knew He Was Watched.

Fitzgerald said no indictments could hold against him. He was in cheerful mood on the way to the county jail, was interested in the baseball score of the day, and laughed when asked to make some comment on his arrest.

"I haven't any comment to make on my arrest except that I expect to be released on bail tomorrow. I have been unable to communicate with my lawyers thus far, and don't know what they can do. I am not much worried over this arrest. I do not think these indictments can hold.

"The officers took my watch and my knife away from me. They gave me my watch again. I wish I could get my knife, too. I have said a good many times that I am innocent of that subtreasury robbery. There is little use in my saying so again. I am not surprised at my arrest. Secret service men have been trailing me lately, and I knew it.

Attorney George Gorman met Fitzgerald as he was being led to jail and told him he would do everything in his power toward securing the amount of the bail. The arrest is believed to be the result of a trap laid by government authorities.

Following the arrest statements were made in connection with the disposition Fitzgerald is alleged to have made of the contents of the package of bank notes. Since the robbery a dozen or more theories have been given currency. Several of these government officials claim they have substantiated and on this information will be based the pleas for a conviction of Fitzgerald.

These have to do with his purchase of a $9,000 residence and of real estate in Lake Forest, deals in produce on South Water street, attempts to have cashed in Scotland two $10,000 United States bank notes, the organization of a car manufacturing company and the erection of a $50,000 plant at Hammond, Ind., and details concerning the high living enjoyed by him and his family since the robbery.

According to an informant in close touch with the investigation the former subtreasury teller has passed several $1,000 bills within the last three weeks.

It also was said that deals in stocks have been made by Fitzgerald recently, indicating that he was possessed of a large amount of money. Investigators who followed him on nights when he was away from home learned facts which warranted the belief that he was spending more money than his circumstances would allow if his only income was from his business.

According to a government authority, Fitzgerald is a heavy holder of stock in the Illinois Car and Manufacturing company of Hammond and also is secretary and treasurer of the company. He holds stock in the Illinois Bolt, Nut and Forging company, of which Patrick H. Joyce, Jr., is president.

The government's latest search for evidence against Fitzgerald was resumed the last of March, 1910, a month after the indictment was returned. Since that time the indicted man and his business associates have been shadowed continuously.

According to reports made by the government agents the insurance business done by the indicted man has been inconsequential, and he really has spent little of his time at his desk. With the old evidence collected by the secret service men under Capt. Porter and the recent movements the government believes that it has a good case against Fitzgerald.

Had more evidence been needed, it was intimated in the district attorney's office, the arrest of the former teller would have been delayed for a longer time.

At Hammond, Ind., it was said that the plant there in which Fitzgerald is interested is a small concern employing forty men. Its entire business is car repairing work for the New York Central railroad. The plant was started about a year ago and Fitzgerald and Joyce made the deal for the ten acres of land on which the plant is located.

Recently it has been announced in Hammond that the plant is to be greatly enlarged and the bolt and nut works moved there from Chicago. The improvements contemplated have only been started. At Hammond it is said that the combined companies expect to employ 300 men when the plant is completed. The land, tracks, and buildings now represent the investment of only a few thousand dollars, according to factory men.

ADDITIONAL SOCIETY

Miss Bertha Wagner has returned from Chicago where she was the guest of Mr. and Mrs. Val Wagner for several weeks.

Mrs. Harry May, of Gay street, has gone to Richmond and Germantown to visit friends for a few days.

Miss Ethel Moore, who had been the guest of Miss Mamie Chapman, of 1120 Swinney avenue, left yesterday for her home in Superior, Wis.

Mrs. C. H. Walton has gone to Youngstown, Ohio, to visit her daughter, Mrs. Herbert Wilkenson.

Miss Ida Rush, of West Wayne street, has returned from a visit in Chicago.

A masquerade and school day party was given for the Hemila club girls by Miss Anna Kahle at her home in Park avenue yesterday. The dressing for the masquerade was on a comical order, representing a company of school children. Miss Kahle was the school ma'am and there was much merriment over her attempt to place her pupils and listen to their recitations. In other contests of the evening the prizes were won by Miss Martha Wienman and Miss Clara Siebold. A delicious luncheon was also served. There were present Misses Lena and Clara Remmert, Martha Wienman, Mollie Gutmann, Anna Weber, Anna and Clara Lindeman, Lizzie Koch, Lillian and Flora Kiefhaber, Lena Dodane, Clara and Helen Siebold and Ruth and Florence Moore. The day was Miss Kable's birthday anniversary and her friends presented her with a number of pretty gifts.

Miss Anna App, of Washington boulevard west, entertained a company of young ladies last evening in honor of her sister, Miss Marcella App, who is to be married soon. The company enjoyed music and the playing of games and later a delicious supper. The prizes won in the games were presented to the honor guest and her chair was decorated with flowers and ribbons. There were present besides the Misses Marcella, Alma, Marie, Helen and Agnes App, Clara and Theresa Schwartz, Anna and Julia Deininger.

CITY BREVITIES.

Herbert Fee, a graduate of the Biltmore, North Carolina Lumber school, will leave tomorrow morning for Dermott, Ark., where he will become superintendent of the transportation and logging departments of the Fee-Grayson Hardwood Lumber company.

Miss Kate Favery, of West Lewis street, who returned home this week from the St. Joseph hospital, where she underwent an operation left this afternoon for North Baltimore, O., to spend two weeks as the guest of Miss Long, of that place.

Six pairs of Wayne Knit 25c black hose, with red, white or blue silk figures, will be sold tomorrow for $1.00. Only sixty dozen of this hose.

PATTERSON-FLETCHER CO.

LATEST PORTRAIT OF THE CROWN PRINCESS CECILIA.

CROWN PRINCESS CECILIA AUGUSTA MARIE.

The Crown Princess Cecilia Augusta Marie was born at Schwerin on September 20, 1886, and is the third child of the late Grand Duke Frederick of Mecklenburg-Schwerin. She was married to the crown prince on June 6, 1905, and has three children. The first, Prince William, was born in 1906; Prince Louis in 1907, and Prince Hubertus in 1909. The above illustration shows Princess Cecilia in the costume of honorary colonel of the Eighth Prussian dragoons. Her brother, the present Grand Duke of Mecklenburg-Schwerin, was born in 1882 and succeeded his father in 1901.

FLAYS AUTO-BUYING WHEN YOU CAN'T AFFORD IT

Governor Deals With Buzz-Wagon Problem in Address to Bankers.

Evansville, Ind., Sept. 15.—Governor Marshall, in his address before the Indiana Bankers' association yesterday, condemned automobile buying among people of insufficient means. In part he said:

"The records of the secretary of state's office show that for one period this summer between 6,000 and 8,000 licenses were issued for automobiles bought this year by Indiana people.

"Indiana's investment in automobiles, I estimate, is $9,000,000. Of the number bought this year I venture to say that the buyers of at least one-half of them could ill afford the expenditure, and I venture further to say that three-fourths of the automobiles are mortgaged."

The governor related an experience of a state bank examiner, who found in one bank a note for $2,480, $2,000 being for the price of a car and $480 for the freight on the car to its Indiana destination.

"And I wonder that the buyer of that car did not go into the bank to get the money for the gasoline to run the car," he added.

Governor Marshall talked generally of banking problems. An elastic currency, he declared, would never be secured until speculation was ended. So long as speculators and Wall street manipulators of finance existed, he declared, they would not permit an elastic currency.

"I am old-fashioned in my ideas, and I heartily disapprove the notion of the government going into private business," he continued.

"Therefore, I can not say that I am a supporter of postal savings banks. I believe that if the banks of the country submit to proper legislation there will be a quick end of the postal savings bank experiment."

Regulation of corporations, he said, could be secured only when the principle that guilt is personal was firmly established. The governor said the bankers in the state had it within their power to make their organization so strong that the public would be protected at all times. He advised that the directors of a bank should not loan money to any corporation in which they are interested. He said the banker should be the cleanest man in his community.

Marriages of minors are much more frequent in mining and manufacturing than in agricultural districts.

FIRED GIRLS' DORMITORY.

Incendiaries Also Attack Matron at Proctor Academy.

Andover, N. H., Sept. 15.—An attempt to burn the girls' dormitory at Proctor academy here last night was frustrated after a blaze had been started, and Mrs. Eugene Sawyer, the matron of the dormitory, is in danger of death today from a blow delivered by the incendiary in making his escape.

Mrs. Sawyer, entering the basement suddenly about 8 o'clock, discovered a strange man in the act of applying a match to a pile of wood. She screamed and the intruder knocked her unconscious. Passersby who had heard the outcry ran to the basement and found the blaze, which they extinguished. The academy authorities can find no motive for the attempt. The building accommodates about fifteen students.

THE BIRTH RECORD.

Born, to Mr. and Mrs. Franklin H. Kromm, 716 Walnut street, a son.

Born, to Mr. and Mrs. Otto Matthewson, 912 Lincoln avenue, a daughter.

Born, to Mr. and Mrs. Seth Carrington, 1529 Sherman street, a son.

WOMAN'S ROMANCE ENDED.

Spent Last Nickel for Paper Which Told of Lover's Death.

Memphis, Tenn., Sept. 15.—Ending a romance, which was to have terminated in marriage, but was disrupted by death in Memphis, Mrs. Olive Weller, a widow 28 years old, wired her mother today for funds to return home to Philadelphia. She had come to this city to marry John Gregory, the sailor, whose body was found Wednesday floating in the Mississippi river. Mrs. Weyler read the news of his death in a local paper which she had purchased with her last nickel.

The remains of Gregory were sent to Warren, R. I., and the trains bearing the body of the intended husband and the happy would-be bride passed each other en route.

PEOPLE GROWING CLEANER.

Plumbing Is of Better Grade and Is More Sanitary Than Formerly.

"People are cleaner is the only way I can figure it out," said Sam A. Esswein, when asked recently to explain the great advance in the demand for bath rooms, both in private homes and in hotels. "It used to be," he went on, "that a hotel had a bathroom at one end of each hall; now almost every room has to have one. We are figuring on a small hotel in Lexington, Ky., that is to have 150 rooms and there are to be 125 baths."

Plumbing is a different work from what it used to be, according to those who follow it. Humorous writers and cartoonists to the contrary notwithstanding, it is said that water pipes seldom freeze any more. This is because more care is taken in placing them and heavier pipes are used than formerly. Sanitation is the demand of the day. That is the reason for so much more white enamel ware and why all the tubs, stands and toilets are made without grooves or straight lines. Everything is polished and curved, so there is no place for dust or germs to lodge. The old water backs, that used to choke up with lime and mud from the water, have practically passed out of existence.

Neither is plumbing boxed in as it used to be. Everything is finished off so that it is presentable. There are no longer places for old rags and clothes to accumulate. Of course this requires a higher grade of work, but it is also much more sanitary. It is also easier to keep track of plumbing, so that an incipient leak is detected at once and the general efficiency of the system is materially enhanced.—Ohio State Journal.

SHAKERS DEED AWAY LANDS.

Kentucky Colonel Contracts to Care For Remnant of Society.

Harrodsburg, Ky., Sept. 15.—The society of Shakers, whose estate is located near Highbridge, today transferred to Col. George Bohon their holdings of 1,800 acres of the best land in Mercer county and their personalty. The estate is valued at $150,000 and in addition to a cash consideration of $5,000, Col. Bohon binds himself to support and care for the individual members of the society during the remainder of their lives. There are only fourteen of the Shakers left and their ages range from 70 years upward.

Sir William Ramsay recently exhibited a pair of scales which will weigh a seven-thousandth-millionth of an ounce.

Notice to Subscribers

DO you get THE SENTINEL before 6 p. m.?

DO you get it regularly?

DO you find it in readable condition?

DO you receive courteous treatment at the hands of the carrier?

DOES he carry change when collecting?

DOES he consult your convenience in placing your paper where you can readily find it?

IF the carrier fails in any respect mentioned above, you are being imposed upon and THE SENTINEL should know about it at once.

IF YOUR PAPER FAILS TO ARRIVE ON TIME, OR NOT AT ALL, CALL 173, EITHER 'PHONE. AFTER 6 P. M. AND THE SENTINEL WILL BE SENT TO YOU BY SPECIAL MESSENGER.

IF the carrier fails in any other respect call 173, either 'phone, at any time and the carrier will be called to account.

IN case of removal always notify THE SENTINEL which will assure prompt delivery of the paper at your new address

If You are in a Hurry for Ready Money

Call us by phone or call at our office and we will arrange the loan for you in an HOUR'S NOTICE, giving you the

LOWEST RATES

of any company in the city. Remember, we take nothing out in advance and we will loan you any amount from $10 to $200 on household furniture, pianos, fixtures, live Stock, automobiles, insurance policies, etc., in city or country.

We guarantee that all business will be held strictly confidential and that no annoying investigations will be made. Loans made privately at your home if you so desire.

OIL.

Toledo Market.

Toledo, O., Sept. 15.—North Lima, 82c; South Lima and Indiana, 77c.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Sept. 15.—Movements of the opening prices of stocks today were slightly mixed, but the downward course of the leading active issues gave the dominant tone to the market. Canadian Pacific fell 2¼. American Can preferred 1, and Reading, Minneapolis, St. Paul & Sault Ste Marie and Toledo, St. Louis & Western preferred and United States Steel substantial fractions. Western Union rose ⅝.

Some of the leading stocks receded a fraction from the opening figures, at which level support began to appear, and there was a general rally, amounting to a point in Union Pacific and Reading. Bethlehem Steel preferred advanced 1½. American Car fell 1.

The market showed signs of selling to realize as opportunity offered. A rise in Interborough-Metropolitan of 1 and in the preferred of 1¾, was taken advantage of to sell the list. Reports of reducing forces in a United States Steel subsidiary made a weakening factor. Northern Pacific, Southern Pacific, Reading, Norfolk & Western, Western Maryland, United States Steel, American Smelting and Virginia-Carolina Chemical declined 1 and Amalgamated Copper and American Ice 1¼. Delaware & Hudson advanced 1¾. Bonds were irregular.

The market was unable to absorb the offerings and prices were lower. The railroad stocks were the weakest at the moment. St. Paul, Union Pacific and Baltimore & Ohio sagged a point.

An interval of steadiness was followed by renewed selling in which earlier losses were extended. Reading broke 1⅝, Amalgamated Copper and American Smelting 1½, Missouri Pacific 1¼ and Westinghouse Electric 1. American Linseed preferred moved up 2 and United Dry Goods 6 points.

There was a further sag in prices. The decline in Missouri Pacific, Amalgamated Copper and American Smelting reached 2¼, Sloss-Sheffield Steel and Reading 2, Northern Pacific and Atlantic Coast Line 1¾, Union Pacific, Atchison and United States Steel 1⅝, St. Paul and American Car 1½, Great Northern Ore Certificates 1⅜, Wabash preferred 1¼ and Pennsylvania, Chesapeake & Ohio, Great Northern preferred, National Lead and United Railways and Investment preferred 1. Kansas & Texas preferred rose 1¾.

RESIGNS; WILL APPEAL CASE.

Portsmouth, (O.) Chief Leaves Office Following Fine for "Treating."

Portsmouth, O., Sept. 15.—W. N. Davidson, chief of police, who was arrested and fined yesterday because he brought liquor into this local option territory and "treated" several friends, resigned his office today. His attorneys have arranged an appeal of his case to a higher court.

WANTED—Experienced stenographer; must help at kodak counter. Jones' Kodak store.

HERRESHOFF FALLS DOWN.

Eastern Golf Expert Badly Off in Tournament Play.

Brookline, Mass., Sept. 15.—After three days of brilliant playing, Frederick Herreshoff of the Ekwanok Golf club, New York, went to pieces today in the first eighteen holes of the third round of match play in the national amateur golf championship tournament at the country club in his play with Evans of Edgewater club, Chicago. He topped his drives, missed his second shots and slipped up on several shot puts. At the end of the forenoon round Evans was six up.

W. C. Fownes of the Oakmont club, Pittsburg, finished the first eighteen holes one up, on H. H. Wilder of the Vesper club, Lowell; Warren K. Wood of the Homewood club, Chicago, two up on J. G. Anderson of the Woodland club, Newton, and W. R. Truckerman of Stockbridge and Washington, one up on H. Weber of the Inverness club, Toledo.

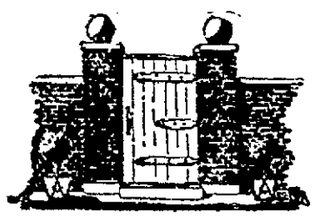
A PLASTER HOUSE

We have a plaster house that is an especially good value at $4,300.00. It has seven rooms and a bath and is completely modern with cement cellar under entire house; soft water motor; plumbing on 3 floors; Marshall furnace; electric lights and fixtures; waxed hard wood floors; screens, walks, graded and planted yard; gas in house, with gas heater in basement. This house is well built and of the best quality and we invite inspection of it.

The Wildwood Builders' Co. has other houses from $2,000.00 to $2,800.00, and one house of 5 rooms on beautiful lot for $2,000 that is a bargain.



Builder's Office
722 Wildwood
Telephone 6533

Plaster is daily coming more into general use because of its substantial qualities, warmth and durability and comparatively small expense. It is handsome, solid and requires no paint. We have another plaster house of 6 rooms and bath for $3,800.00 that is well built, compact and very attractive. The services of our decorative department are included in these prices, and the houses are decorated throughout.

We have made a special effort to provide suits for stout women and show choice models in serges, worsteds and broadcloth at....$22.50, $25.00 and up to $40.00

Fall Coats in Serges and fancy cloths, full length, self and satin lined, shades of tan, navy, brown and black .....$12.50, $15.00 and $18.50

Our Millinery Room

In autumn millinery you will find our early showing exceedingly attractive. To those women who like to get the first view of what Dame Fashion is doing in millinery art these early models will be very interesting. While the showing is not complete, enough is here to show the trend of the autumn styles. The ad man will not attempt to describe them—they are beyond him. You must come and see. There are turbans galore in Silk, Velvet, Persian Cloth and Fur—wonderful in creation and beautiful in style. For those who do not care for the extreme in style there are many pretty models. We have hats to fit every face at prices to please every purse.

MERCHANTS GIVE LIBERALLY.

Special Premiums to Stimula Exhibits at Fort Wayne Fair.

To encourage people to place on exhibit their handiwork, their products and live stock, a large number of Fort Wayne merchants are this year offering special premiums in the different departments of the Fort Wayne fair, which opens next Tuesday. These premiums are altogether separate from the many liberal premiums offered by the fair association. These special premiums has helped no doubt to increase the number of entries in all sections and will aid in making the exhibits greater in number than ever before seen in Fort Wayne. The special premiums will be awarded as follows: Department A, horses; department B, cattle; department C, sheep; department D, swine; department E, agricultural products and machinery; department F, needlework and art, juvenile department; department G, poultry. The donors of these special premiums are as follows: Geo. Jacobs Music house; Seavey Hardware Co., E. F. Clausmeier, H. Pfeiffer & Son, Geo. A. Houser & Co., J. M. Stouder, Schroeder Bros., W. D. Henderson, Trinkley & Koerber, Romadka, D. N. Foster, Joseph Suelzer, Joseph Fox, Shields Clothing Co., S. G. Throckmorton, W. M. Klinkel, Phil Koehlinger, P. Epple, Chas. Messing, John Logan, John D. Carl, Hiram Mann, Goeglein Bros., Chas. A. Phelps, Herman A. Young, Henry Oetting, F. F. Rodewald, J. A. Ryan, Geo. Thumm, Joseph Arter, H. T. Drollinger, H. C. Hille, Geo. Hite, W. J. Ungemach, Robert Dean, White Fruit House, Pingree Shoe store, Fox Bros., Wolf & Dessauer, Mayflower Mills, A. C. Hartwig, Walkover Shoe store; Rosenthal's, John C. Peters, Rurode's, Pape Furniture Co., A. Mergentheim, Roach Bros., Hollopeter, Beck & Bloom, S. Bash & Co., F. Geistrofer, Indiana Farmer, Wayne Knitting mills, Drollinger & Fisher, of Kendallville, also offer a special premium.

The fair management will have two turnstiles at the main car entrance, one for the general public and the other for the concessionaries, exhibitors and newspaper men.

Every day will have its good races. The best speed events will be the 2:12 trot, the 2:17 pace, the 2:12 pace and the 2:14 trot. The free for all trot will be popular, as it always is. The public can rest assured that all days will be big in the speed department.

The management this year has made a rule that all exhibits in the art building must be completed by Monday evening. Last year some inconvenience was caused by the muss occasioned by exhibitors decorating their booths after the opening of the fair. Mr. Foster, one of the directors, says that the art hall will be kept open Saturday, Sunday and Monday so that everybody can get their exhibits in shape. A watchman will be engaged day and night. Everything will be looked after carefully and there need be no hesitancy in completing exhibits early. Nobody will be permitted to work on the booths after Monday night.

Mrs. Pope, who has charge of the needlework and art exhibits, makes the request that all exhibits be placed as early Monday as possible to avoid confusion. These exhibits should be there not later than 2 of 3 o'clock Monday.

WANTED—50 MEN AND WOMEN.

Meyer Bros. Co., the enterprising druggists, are advertising today for fifty men and women to take advantage of the special half price offer they are making on Dr. Howard's celebrated specific for the cure of constipation and dyspepsia and give a fifty-cent package at half price, 25 cents.

So positive are they of the remarkable power of this specific to cure these diseases, as well as sick headaches and liver troubles, that they agree to refund the money to any customer whom this medicine does not quickly relieve and cure.

With Dr. Howard's specific at hand, you can eat what you want and have no fear of ill consequences. It strengthens the stomach, gives perfect digestion, regulates the bowels, creates an appetite, and makes life worth the living.

This is an unusual opportunity to obtain sixty doses of the best medicine ever made for half its regular price, with the personal guarantee of a well known business firm to refund the money if it does not give satisfaction.

WILL FORM NEW LAW FIRM.

Judge Walter Olds Admits W. A. Campbell to Partnership.

William A. Campbell, one of the most promising young attorneys of this city, has been admitted to a law partnership with Judge Walter Olds, and the new firm will be known as Olds & Campbell. Mr. Campbell, who is a native of Kendallville, is a young lawyer of fine attainments, a graduate of Leland Stanford and Michigan universities, and has been in practice here for some years, the greater portion of which time he has been associated with the Physicians' Defense company. He is also the local legal representative of the Toledo & Chicago interurban railroad.

SAFE MEDICINE FOR CHILDREN.

S. Bash & Co.

JOHN SWOPE

Back in the Harness

John Swope has returned from Winona Lake where he has conducted his meat market during the summer months and has opened his Meat Market again at the old stand, 403 West Jefferson Street, where he can be found with a full line of choice meats of all kinds. John says telephone orders promptly filled. Phone 2150.

CITY BREVITIES.

All the pupils of the Jewish Sabbath school are requested to meet Rabbi Ettelson Saturday morning at 10:30 in the synagogue.

Attorney Watts P. Denny, who has been a patient at the Lutheran hospital for the past six months, has been removed to his home, 2121 Broadway. His condition is said to be practically unchanged.

Mrs. F. H. McCulloch has been chosen as treasurer of the Women's Hope hospital committee, succeeding Mrs. C. B. Fitch, whose resignation was accepted at a meeting held Wednesday afternoon.

Dr. J. K. Geary, 1701 East Wayne street, is suffering from a broken rib and a bad cut upon the back, sustained in a fall down the stairs at his home several nights ago. He will be unable to attend to business for several days.

WHEN MERIT WINS.

When the medicine you take cures your disease, tones up your system and makes you feel better, stronger and more vigorous than before. That is what Foley Kidney Pills do for you in all cases of backache, headache, nervousness, loss of appetite, sleeplessness and general weakness that is caused by any disorder of the kidneys or bladder. Dreier Bros.

13-5t

CITY BREVITIES.

Considerable delay is being experienced by the Fort Wayne Auto Motor company in obtaining the chassis in which it was expected to make a 3,000 mile test run of the new engine. It is hoped the chassis will be here in time for a run during fair week.

By throwing himself flat upon the street, Isador Gibson, a son of Samuel Gibson, 1703 East Wayne street, saved himself yesterday from severe injuries by being run over by an automobile. Gibson with several others was playing upon the street and was quick enough to see that he could not get out of the way of the machine, which belongs to S. H. Hanna. Lying flat, the machine passed over him without touching his body.

Barler's Ideal

"If It's a Good Thing, Seavey's Have It"

Oil Heater
Safe to Buy
About one cent
an hour insures a home against cold rooms with a Barler Heater. Moved anywhere. No pipes, no holes, positively no smoke or odor. Absolutely safe. Burners and oil tanks are all brass
Saves work. No dirt.

Save your winter's fuel these cool mornings and evenings, and buy a

Barler Ideal Heater

for they are a source of comfort, convenience and economy. How many times have chilly hours been endured while waiting for breakfast or in the bath for lack of some heat.

You can not carry a coal stove from the diningroom to your bedroom, but you can easily move a BARLER HEATER to any room in the house, and when no more heat is wanted, shut it off at once. It is the easiest heat to get, and insures warmth and comfort at all times. BARLER HEATERS are better made, stronger, give more heat, are better looking, and last longer than many other oil heaters. Sold and guaranteed only by the
